Every summer, prior to the beginning of the school year, the Prefects and I meet to discuss potential themes for the year. The concept is not unique to St. Andrew's College; many schools, businesses and other organizations identify one particular issue to serve as a unifying theme for all activities throughout the year.

Over the past three years, we have selected as themes, our Centennial year's activities, **Pride** and **Integrety**. They have all been effective in emphasizing the school's Honour and Conduct Codes and bolstering morale.

This year's theme is **Respect**, a principle that figures prominently in our unique Andrean community. Since the Opening Academic Assembly, we have emphasized this important quality and insisted that all members of the school community be treated with the utmost respect and diginity.

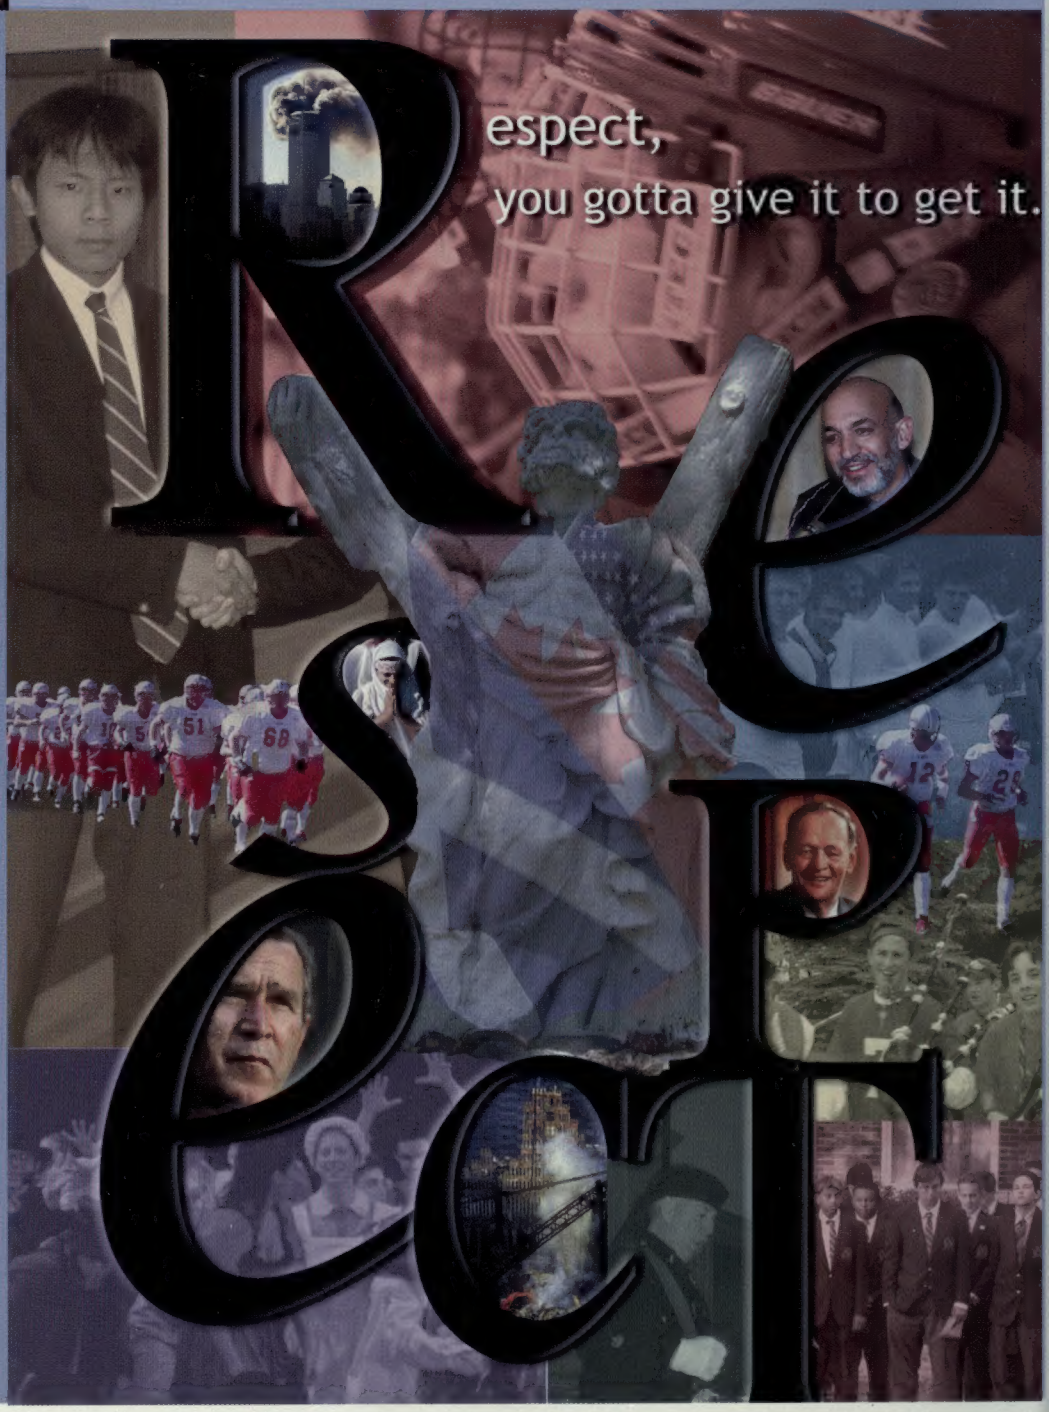

Insults, disrespect and other hurtful acts disrupt learning and teaching. All of us at S.A.C have a responsibility to maintain an environment where conflicts and differences can be addressed in a manner characterized by respect and civility.

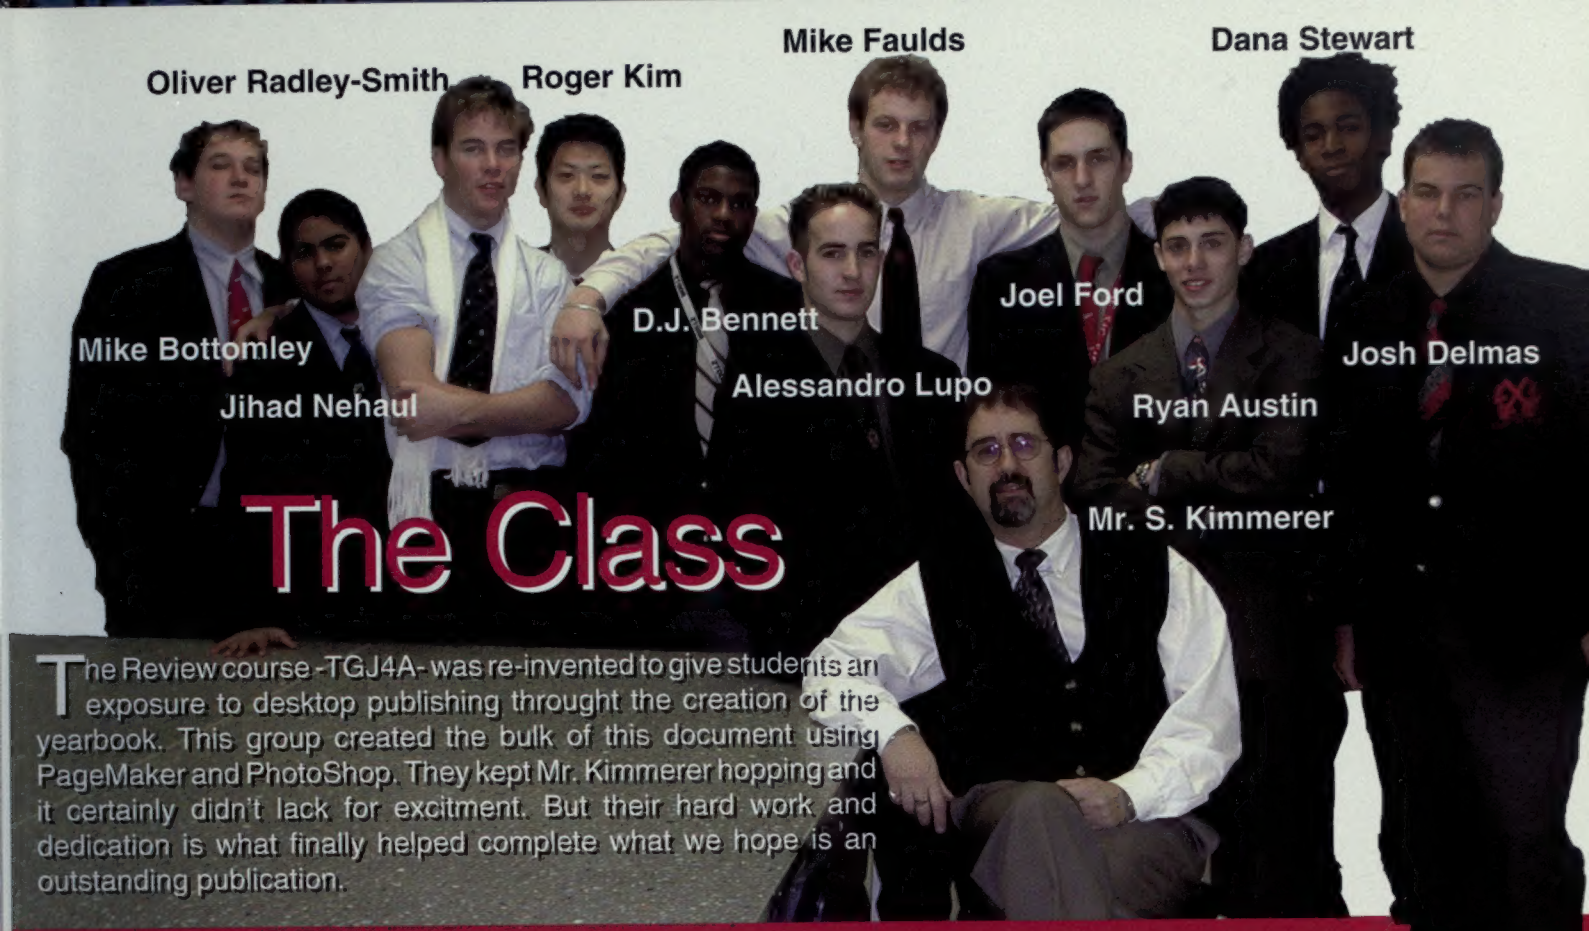

St. Andrew's College is a unique educational environment. It is a residential and day school consisting of 260 boarders and 285 day boys. The boarders come from 25 countries, many of which practice customs vastly different from Canada. On a daily basis, respect for the different religions and cultures that exist within our student body is necessary and expected.

Throughout the pages of this splendid publication you will see members of the Andrean community interacting in harmony. It is a tribute to the efforts of our parents, teachers and students who have such mutual respect for one another and made the 2001/2002 school year such a memorable one.

-Ted Staunton, Headmster.

The Class

The Review course -TGJ4A- was re-invented to give students an exposure to desktop publishing throught the creation of the yearbook. This group created the bulk of this document using PageMaker and PhotoShop. They kept Mr. Kimmerer hopping and it certainly didn't lack for excitment. But their hard work and dedication is what finally helped complete what we hope is an outstanding publication.

THE REVIEW

The Club

The Club met after cadets most Thursdays and was, for the most part, the hunters and gathers of the publication process. They took most of the pictures you'll see throughout this document, scanned and sorted others and wrote articles. **Mike Lin** and **Derek Toms** were instrumental in pushing the envelope with more interesting layout and helped create some of the more exciting pages with in these covers. Others who helped through out the year were **Mr. La Tasky** and **Mrs. Lorraine Wilkes**, whose photos are an integral part of this book. **Mrs. Randi Berman** set the standard with last year's book and her help was invaluable this year while still on maternity leave. It wouldn't have been done without her involvement. Thanks Randi. As Staff Advisor for this year's Review it was quite an experience and I certainly learned a lot! My appreciation of what those who went a head of me accomplished has grown immeasurably. Very few people have any real understanding of the time and commitment needed by the staff advisor to create a document like this. To Randi, Diane Austin and Stephen Treasure...how the hell did you do it? My thanks to **Mr. Staunton**, and **Ms. Phillips** for giving me the opportunity to test myself with this enormous challenge.To my office neighbor, **Mr. Walden** for his help and support and keeping an ongoing sense of levity down in the dungeon. I can't forget the **Ladies Guild** who came through for us with the purchase of our new camera. Finally, huge thanks to my wife and sons for their understanding and support. I'm coming home now! - **S.Kimmerer**

PREFECTS

PREFECTS

Adam Brander *– Adam was a less vocal member of the group, but, by his presence, he provided support and encouragement to all. He continually insists that he is HUGE and that he weighs in at nearly 200lbs and counting. Although we're still awaiting the monumental moment when he utters his first word at a Prefect meeting his presence is nonetheless always felt. Adam is more than willing to do the little petty jobs that are often forgotten about and many times taken for granted.* **Michael Charlebois** – Mike is known as the weight room prefect. You could say that Mike is the prefect who can represent almost every aspect of St. Andrew's. He's been in MacHouse, Laidlaw, Smith, Ramsey and Memorial House during his tenure as member of the 7 year club. He's all about keeping the traditions alive. That, and constantly running to the beer store for the after party kegs that everyone loves so much!

Andrew Cronin - *Andrew took on the role of the audio/video Prefect. He tried to be a true director in every sense of the word. His infamous mug mix up at Homecoming after party was a "small" mistake. We still don't understand how he was named Mr. Valentino at Havergal or why we never mind girls talking to him. Not including Jimmy and the St. Mildred's girls of course! Saying this, there is a lot about Andrew we don't quite understand. For the last time Andrew it's "DJ Starting from Scratch". He never let us forget the task at hand was to " Promote! Promote! Promote!"*

Graydon Stock – The leader of the Prefect body, took control immediately from day one. He would often give us insight on pressing matters by asking, "Well what do you guys think"?

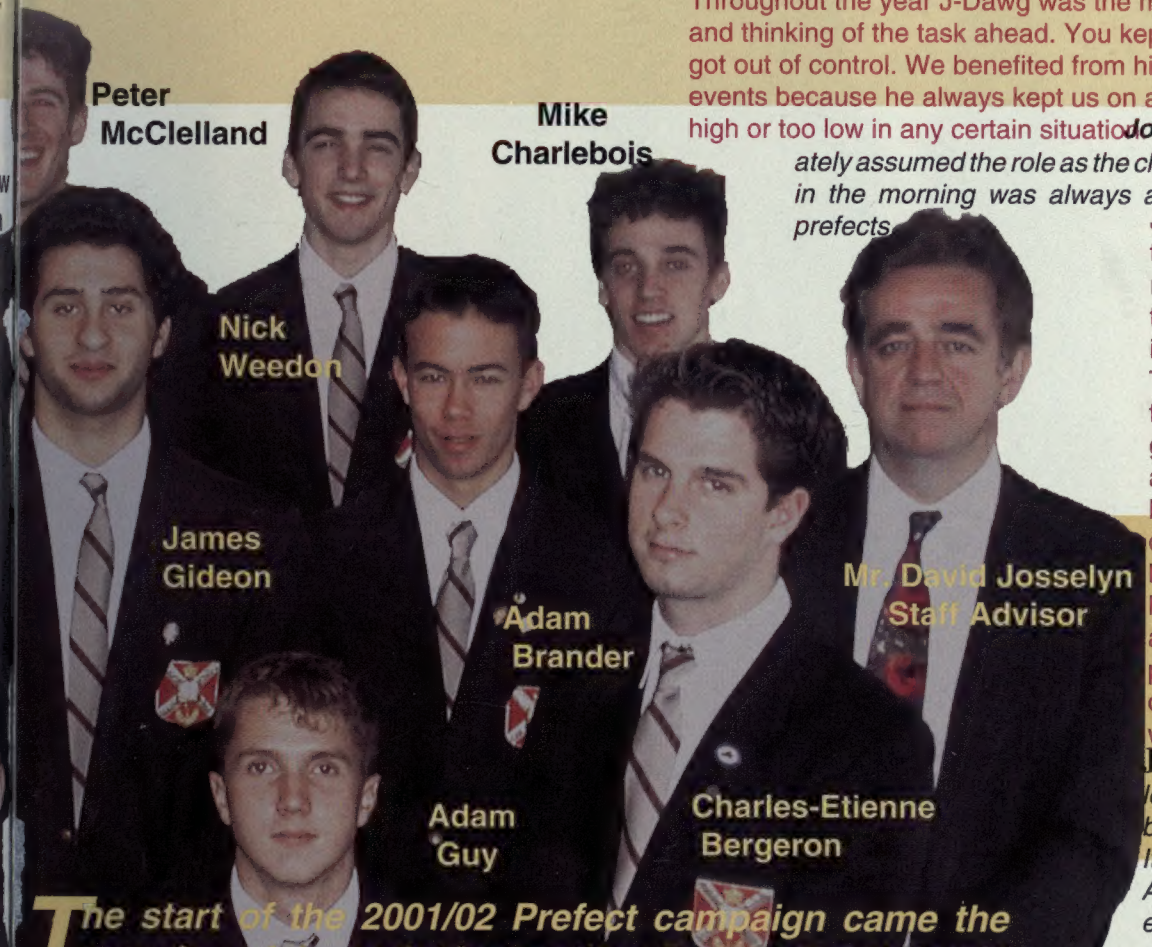

Nick Weedon – We all thank Weedo dearly for sacrificing his fine tuned automobile to the Homecoming Pep Rally festivities. He described his work as a Prefect as "The most exhausting yet most enjoyable time of St. Andrew's". He was the one to always remind us how the position of Prefect at St. Andrew's is truly rewarding. He was a little more educated and prepared coming into the job because of the experience of his brother. This helped us early on to know what to expect. Over the course of the year though he never left one meeting without getting in a long and drawn out argument. While other Prefects enjoyed the social relations with their respective female schools, Nick was the "cleanup" Prefect and never let this fact be forgotten.

Prefect Comments

DJ Bennett – *The man responsible for bringing Baby Blue to SAC. If anybody is interested, he wants it to be known that he still has left over flyers in his room. It has been rumoured that his Mom (Miss Cleo) has done more Prefect work than he has and subsequently has confiscated his Prefect tie. But despite this he managed to claim the Mr. BSS title bringing it home to SAC for the third consecutive year.*

Peter McClelland – to date has shown up to every Prefect event wearing the same hat. He is proud to say that he went to chapel more as a Prefect than Gideon went to school as a Prefect.

The start of the 2001/02 Prefect campaign came the morning of the cadet inspection. From that point until the end of the school year the Prefects in training were under the tutelage of the 2000/01 squad. With every new Prefect partnered with a Prefect of the previous class they were granted the opportunity to learn the ropes while lessening their load for the formal. Taking this knowledge into their summer dealings, the Prefects worked hard to ensure that the 20001/02 school year was a successful and unprecedented one. Dubbed "the people's Prefects" every single Prefect had a vastly different personality and skill set but their cohesiveness and ability to gel made them a highly effective and fun to be around group.

Jimmy Healey- was one of the many "special" Prefects we had this year. Representing the most eastern province in Canada, he brought his own uniqueness to the group. He worked well as a team to make sure the job was done right. If Jimmy wasn't co-ordinating with the dining hall for the upcoming Semi he was usually wooing all the ladies at St.Mildreds. However in the end his dashing good looks seemed to have no effect on them.

Charles-Etienne Bergeron – *Chucky is the steady hand of the group as his concentration from sharp shooting crosses over into his Prefect duties. He has the un-teachable, God given talent of ordering good pizza for after-parties. The French phenomenon sniped many problems encountered by the prefects this year. He most impressed the "HENGLISH" people with his "sock" choreography on a cold September night. The frog was last seen riding a yellow bus* **Dave Jossylyn** - Early on in the year Dr.J made our mission clear, "Don't piss off administration. Don't lose money." Throughout the year J-Dawg was the man to always keep us on track, and thinking of the task ahead. You kept our heads screwed on when we got out of control. We benefited from his presence in meetings and at events because he always kept us on a even keel, not letting us get to high or too low in any certain situation.

John Ross Lennox – *J.R. immediately assumed the role as the chapel prefect. His attendance early in the morning was always a constant unlike the rest of the prefects.*

Jordan Dudley – Humbly known as the "balloon" Prefect. For more reasons then one. Among other thinks he has left a long lasting impression on the benefits of cut off T-shirts and snapping pictures at the right time. His inspirational, "Let's go boys" war chant was often heard at prefect functions. His Scottish heritage added to his eagerness to don kilts at any time or place. The leadership and organization he learned as a Prefect will bode well as he moves on to be a commercial pilot in the future. His song and dance routine at the Mr. BSS contest will never be forgotten.

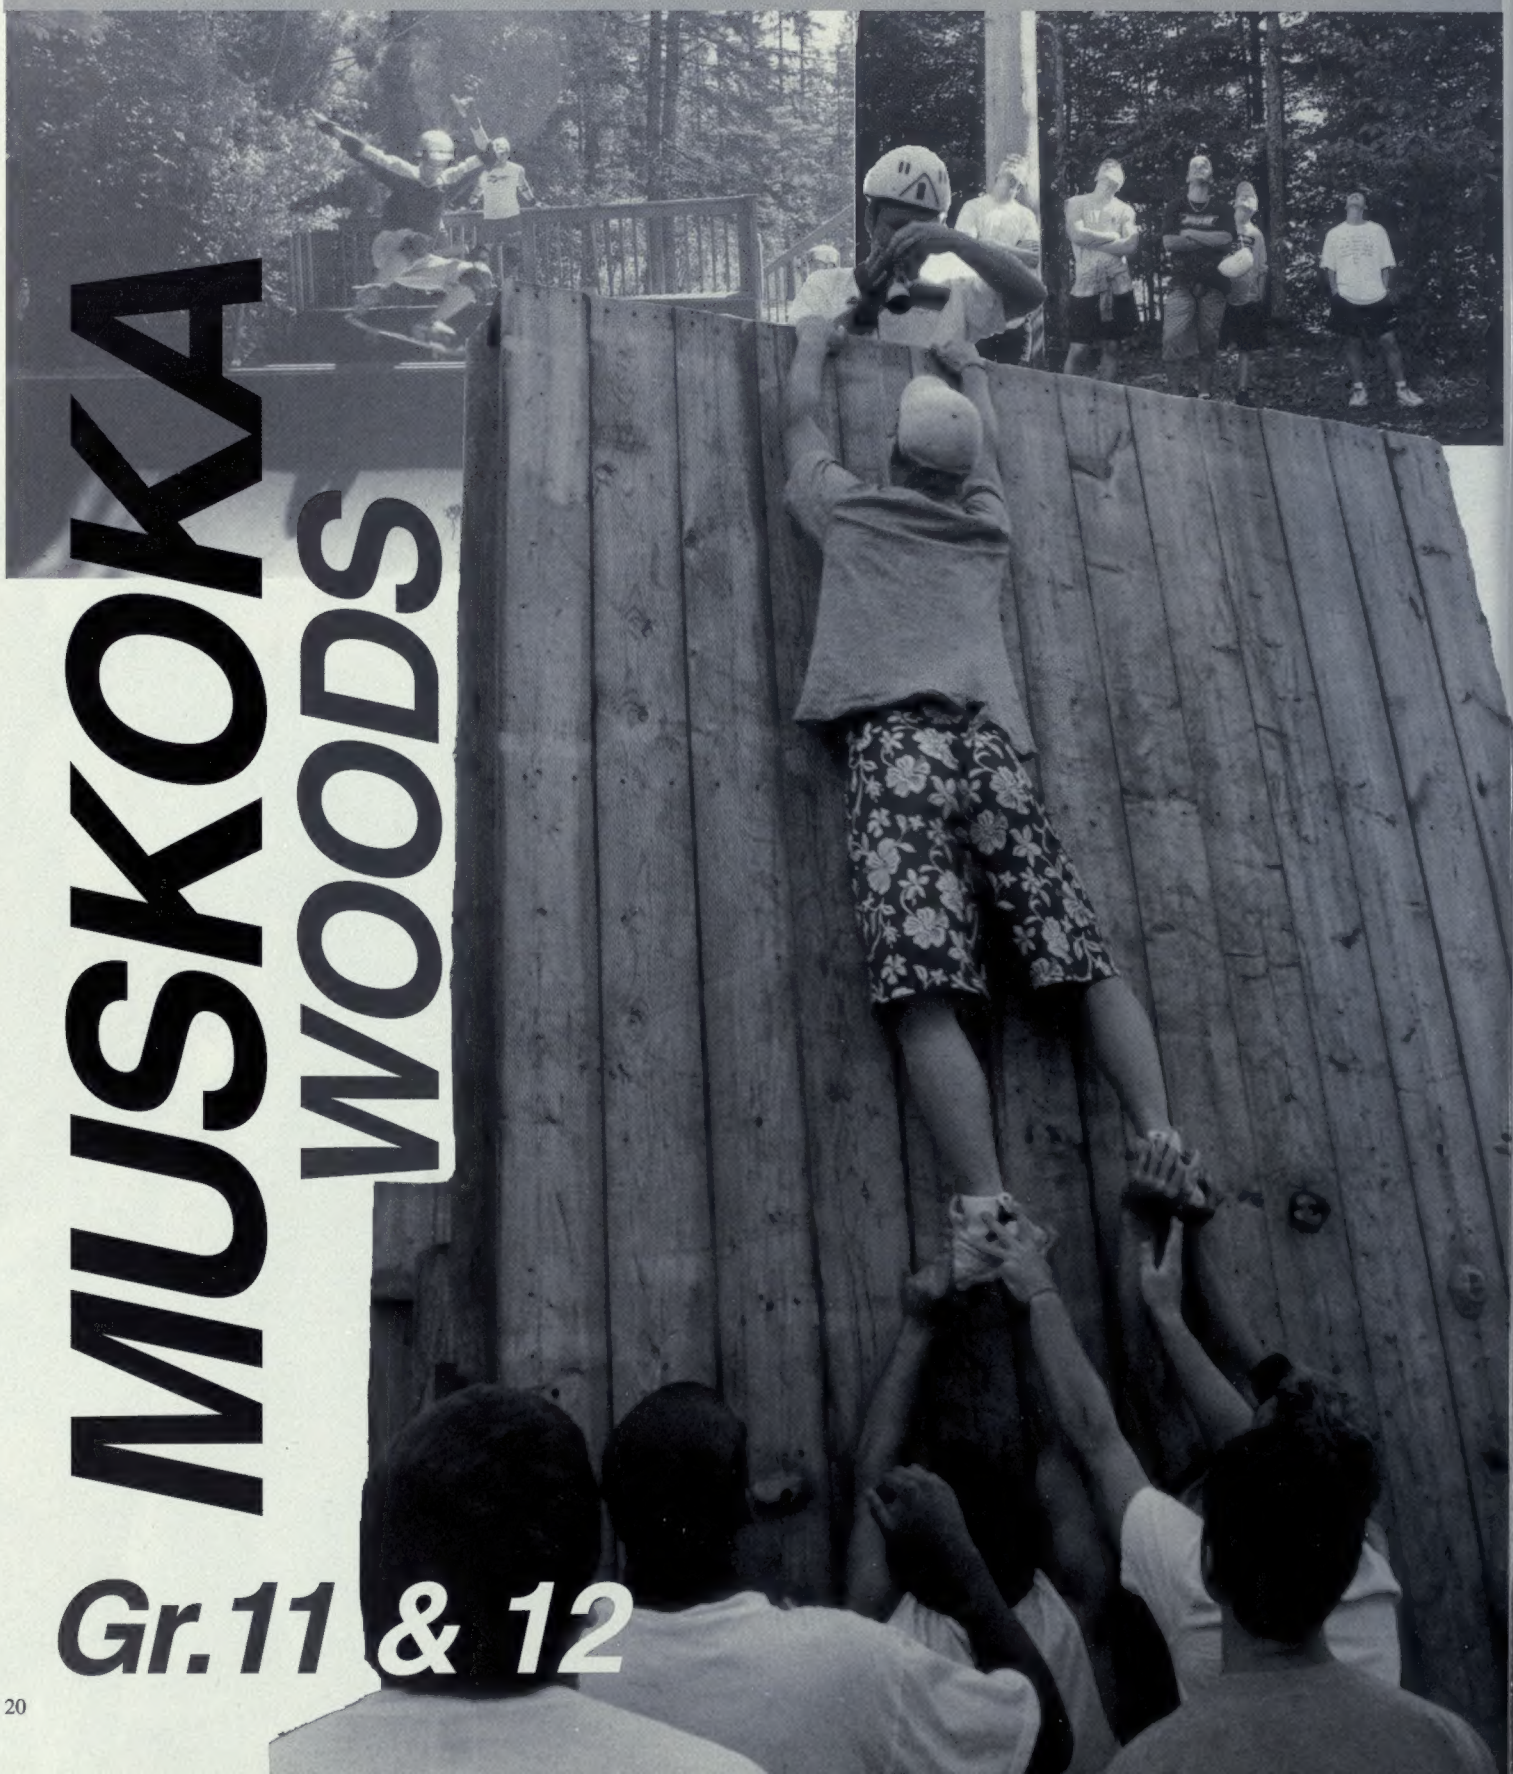

James Gideon *Fortunately, James' legacy was not left as the man bringing the Prefect average down. It was left as the liaison to Leighton After parties. He often became enraged at the thought of organising an event with Branksome. To James' credit he set up more dances than he scored goals this year. This is impressive when you consider he called his prefect liaison at Branksome less than the number of free kicks he missed. Not to mention how badly James let us down at the Mr. Valentino contest.*

Brian Lin – Being the youngest of the group, Brian brought a whole new perspective to the prefect body. Although not the finance Prefect, Brian was known to advocate for anything and everything that would cut expenditures. He is normally tame in nature however he is still recovering from the after effects of the Chinese New Year Celebration and the summer Prefect weekend activities.

FALL TERM

Monday, September 10th, the whole school traveled to four different camps, to participate in leadership and co-operative building challenges. High ropes, low ropes, "the wall" and canoeing all helped develop confidence and cohesion and allowed our senior students to demonstrate and practice leadership skills. While all enjoyed this worthwhile endeavor in camps Bark Lake, Muskoka Lakes, Wanakita and Couchiching we will always remember where we were September 11th, 2001. Everyone was affected to some degree by the events that took place in New York City and perhaps being with friends, peers and colleagues helped just a little.

Terry Fox

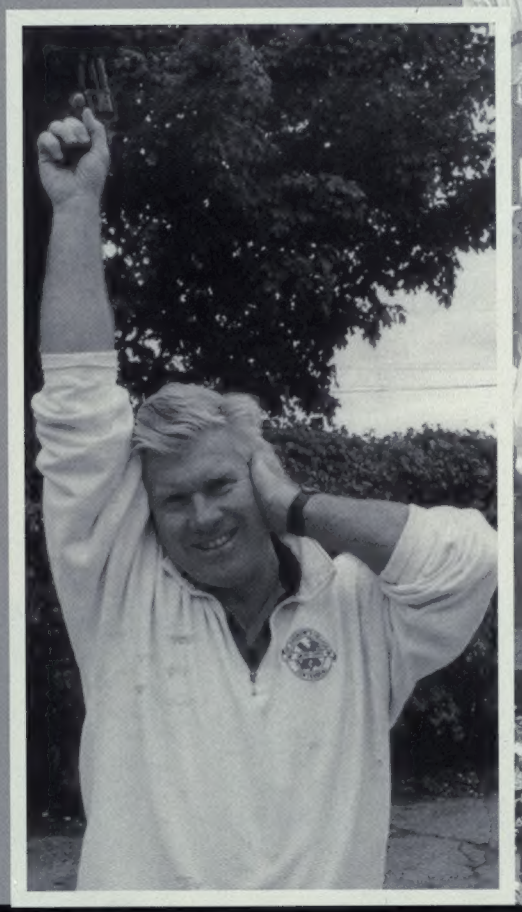

The 2001 St. Andrew's College Terry Fox Run was a huge success. It was held in conjunction with a Red & White Spirit Day so all students and staff were dressed in their finest school colours. There was almost one hundred percent participation in the run this year among members of the immediate Andrean Community. As a result, a cheque for **$9000** was sent to the Terry Fox Foundation for Cancer Research.

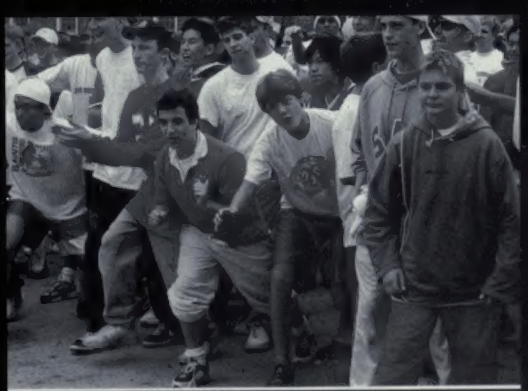

Fundraising prizes this year were awarded as follows:

Top Day Boy House: Laidlaw House
Top Boarding House: Flavelle House
Top Middle School Homeroom: Mrs. O'Hare (Grade 7)

Homecoming

This year's Homecoming was another smashing success starting with the trend of beautiful weather. But the weather wasn't the only thing that did not disappoint. Only one of the 13 teams in action was defeated and for all the old boys in attendance there was a wide range of spirited sporting events to watch from soccer, volleyball,and football from the U-12 to the Varsity team level. The Ladies' Guild showed their true colours as they sold snacks, clothes and crafts and offered face painting to the younger members of the community. A nearby dunk tank added to the fun with the schools "favourite" teachers learning how accurate the boys' arms were. At night the action didn't stop as a record 1,000 plus people attended the Homecoming dance. The large crowd made up mostly of girls was attracted by a mixture of the Survivor (Outwit, Outplay, Outgrind) theme and MCA recording group Baby Blue Soundcrew's first ever high school appearance ever. All in all, the 2001 Highlanders Homecoming served as another great showcase to the Old boys, parents, and friends of the college how the current student body doesn't lack in athletic excellence and school spirit, not to mention a true sense of fun.

This Halloween was one of the most exciting days of the school year. Students of all ages participated in the costume contest. Boys were also able to test out their hunting skills as they took part in the "Where is Waldo?" Contest. Later that evening the residents in Flavelle constructed a haunted house on the first floor, which was visited by students from Mac house and staff children. All money raised from the costume contest was donated to the United Way.

SOCCER

Combining league, play-off, CAIS and other tournament play over the past 4 years Soccer recorded 60 wins, 8 losses and 4 ties! These statistics attest to the dedication, commitment and skills of the players who have played on this team in the past, in the present and who will return next year. Outstanding seasons were experienced by Liam Farrell, Scott Simmons, and Tyler Smith. In the MIP category, rookies Chris Yule and Patrick McGrath were strong candidates but the award ended up going to a player who when faced with being cut, rose to the challenge and earned a starting position by the end of the season, Dana Stewart.

There were several excellent candidates for MVP this season including Captain James Gideon who was an excellent leader and a force to be reckoned with in mid-field; Goalie Adam Guy was commanding and skillful and Tim Thwaites who was effective at neutralizing quick attacks. However, the MVP, as chosen by the team and players was someone who would have been equally effective up front as he was in defense, Nick Weedon.

Figuratively speaking, First Football and First Soccer have stood shoulder to shoulder over the past few years in their Championship bids. With our Championship season over, it was a genuine pleasure for Mr. Marshall, Mr Jones, and the rest of the team to participate fully as spectators in support of First Footballs OFFSA victory. We congratulate the coaches and team on a spectacular season!

Finally, Mr. Jones and Mr. Marshall would like to thank all our players and fans for their commitment and support in our ongoing quest for excellence. - Mr. M. Jones Esq.

I want to thank and pay tribute to the 18 players who played Tier II Soccer this year, because even though we didn't win any championships or tournaments, I had a team full of talented and enthusiastic players, and I had a rewarding time working with them.
We play in a league with 12 teams, and our primary goal for the season was to earn enough points to make it to the playoffs at the end.
We started the season badly. After four games we had lost 3 (two of them by one goal), and tied 1. Despite playing well, often dominating the game, we had a hard time finding the net. We had to make changes, and we adopted a 2-5-3 line-up, with 2 strikers, 5 midfielders and 3 men on defence. It's not easy to score a goal, and this way we were trying to take advantage of the one striker on our team who was scoring consistently, by creating lots of scoring chances for him. The strategy paid off.
Our next game was against Albert College ranked 1st while we sat at 5th. Who would you bet on? We beat them 4-2, in the game that would prove to be one of the highlights of the season.
To clinch the last playoff spot we had to win one more game, this time against Lakefield. We went there and beat them 2-0, despite missing 2 penalty shots. We then played a tune-up exhibition game against Holy Trinity, who were ranked 1st in the other division. We beat them 2-1.
Having qualified for the play-offs we faced TCS in the first round. They were ranked 2nd to our 5th, in what was supposed to be an easy game for them. However we knew we could beat them. We took an early lead, but at the end of regulation time the game was tied 1-1. After half-an-hour of sudden-death play, the score was still tied, so we faced the dreaded penalty shoot-out, ... which we lost, and with that our season ended.

The Under 16 Soccer Team had a tremendously successful season, playing first in the division. Team Captain Andrew Cumming lead the team off with 6 consecutive wins including a 3-2 win against UCC at their Homecoming. A turn of bad luck hit with unfortunate 4-3 losses to CDS and to Ridley College however the team rebounded to beat Ridley by the same score the following week. The most entertaining match was most certainly the game at St John's Kilmarnock. Within 10 minutes the field was pure mud at either end and the game resembled dodge ball rather than soccer. A 2-1 victory for us. The highlight of the season was definitely the final game of the regular season against Appleby College who were leading the Division going into the game. The teams were well matched however we kept control of the ball and were ahead 3-2 going into the final minutes of the game. The last ten minutes with Appleby down one goal brought on a barrage against our defence like no other. Spectacular saves by Goalkeeper Alexei Altschuller and a strong defence lead by Brendon O'Dwyer kept the ball out of the net. The semi-final game brought us back against our rivals UCC. We were the clear favourites and were confident that we would see this through and be facing St Mikes in the finals. However, try after try, goalpost after goalpost, the ball would simply not go in the net. We had possession of the ball for the majority of the game but the UCC team spotted an opportunity and popped one in our net. We put the pressure on as best we could but found ourselves down 1-0 at the end of the day, ending our season one game short of the league championship match. Nevertheless we had great fun throughout the season and shared good times in practice and on the road.

Our solid defence kept us going through many situations thanks to the efforts of Brendon O'Dwyer, Junyan Boon, Duncan Kluwak, Chris Attard and Dennis Wong. Alexei Altshculler and Jordan Cyr were both on fire keeping the ball out of the net and saving the day on numerous occasions.

U 12 SOCCER

This year's U12 soccer team was nicknamed the "brother team" because you could find a Ratansi, Si , Tozzi, Lebar, Hanson, Del Zotto and Bean on it. Hammi "I'm on fire" surprised all with his goals when he was let out of his cage. This year's team had 53 goals for and 10 against. The leading goal scorers were Adam Lebar and Jon Tozzi.

U 13 SOCCER

Our under 13 soccer team came a long way this year. U13 soccer is looked upon by many school has the first team of the middle school, as there is a Canadian tournament hosted every year. This year we were *privileged* to go to Hamilton. Our team held their own and after a disappointing loss, loosing in a shoot out in the semi-final game, we finished third in the country. After such an exciting tournament we still had to finish our season, and at a time when they could have let the season just run them over, they picked up their game and kept on playing some of the best soccer I'd seen all year.

This year's U14 crew proved to be a dedicated group of hard working boys, which included many of those disappointed players from last year's U13 squad who never won a game all season. Fortunately, their perseverance paid off. At U14 we enjoyed great success, winning most of our games and showing great improvement at all positions. U 15 SOCCER

Due to our late resurgence at the end of the season, we ended up first in our division and received a bye directly into the semi-finals with the tournament played on our home field. Our first game was against a very aggressive team from Appleby College, we ended up winning 2-0. This of course gave us a birth in the finals, pitting us against our arch-nemesis Ridley College in a rematch of last year's championship game. Through fearless defensive play, and incredible pressure up front we defeated Ridley 3-0 to repeat as the decisive U15 soccer champions.

Before the semi-final game of the Golden Horseshoe Bowl rounds against St. Mike's, I told the players in the dressing room that I was already proud of our accomplishments this season. But even more importantly that each one of them completely represented what I had in mind when I created our motto SILVER. **Strength**: In believing in themselves and their team mates. **Integrity**: With strong character and honest efforts. **Loyalty**: To our school and our team. **Valour**: Confronting challenges with determination and heart. **Energy**: In every single game but particularly at every practice. **Respect**: Their team mates, their opponents and the game.

I am so proud of everyone of them and my memory of this First Team will be of the character and determination I witnessed as they practised like champions and always rose to the challenge that lay ahead each and every week. What can I say more than our undefeated 10-0 record, CISAA championship and Golden Horseshoe Bowl championship.

A special thank you to our five team captains who did the job they needed to do: D.J. Bennett, Jordan Dudley, Michael Faulds, J.R.Lennox and Brad Smith. Thanks also to: Mr. Kitagawa, Mr. Rush, Mr. Shields and Mr. Shrimpton for the passion they have in our players and the game we all love!! I appreciate their commitment to the program and to the extra-long prep hours this sport requires. To Mrs. Perrier for all she does for us 24-7. Your help and support is truly appreciated from all of the players and coaches. To Mr. O'Hare who has been an incredible asset to our team on and off the field- his taping, his magic in healing those who were injured and his presence on the field on game day. And finally, I would like thank all of you, the teachers, support staff and of course the students for your outstanding support this season and especially during Golden Horseshoe Bowl final game played on St. Andrew's Day at Sky Dome.

A number of players have made incredible progress as football players in their first year on the team. This year's recipient showed great grit and determination in learning his position. As coaches, every time we looked at film we couldn't believe the impact he had on the game. This year's MIP is David Amadori!

Three players were nominated for the MVP award by their peers. Brad Smith. His kicking was excellent all season long and Brad made many key catches this season (1400 yards) and score a remarkable 21 TDs and gain D.J.Bennett. D.J. was electrifying every time he touched the ball. 2000 yards. This year's recipient of the Horton-Thompson Trophy awarded to the MVP is Michael Faulds. His razor-sharp passing, tough running and game-breaking plays make him a true high impact player.

This was a phenomenal season for U16 Football. We earned second place in the CISAA and, with the exception of our final opponent, outscored our opposition 134 to 38. The coaches were exceptional but even the best coaches in the world still need talent and we had it by the barrel full. We have a host of first rate players to graduate this year - all of whom will make it their job to prove they deserve a spot on the First team next year: Look out returning First team players, training camp is going to be one tough week next September. Our defense was awesome: In 7 games we had two shut outs, one game with a single TD against us, and two other games in which our opponents managed only a pair of TD's. Scoring 128 points on the ground in 3 down football also proves that our offense had what it takes to open up the space. Brian Harvey did a great job as a walk-on for the pivot position, and was well served by the strength of Richard Colton, Andrew Wakefield, Vince DeCivita and Anthony Greco moving the bodies around and Alex Tanton at tight end finally getting the touchdown he so deserved. But the most glorious sight was to see the holes open up again and again to turn loose the power of Nick "Ironman" Laveau and the speed of Mike Gill and Billy B. Burke. Coach Butcher would like to thank all of the coaches and players for a great football season.

Our team had a very positive season. While it was unclear two days before the early bird tournament whether we could field the team, some last minute recruiting allowed us to be competitive throughout the season. We won 2 of 6 league matches ending the season in 5th place in a 7 team league. In the words of one of the players, "We had a good time and improved our skills." Special thanks to our co-captains Alex McNabb, and Andrew Douglas who both showed consistent leadership on and off the court. Jamie Lawson consistently made sets although the bumps were not always there. Dennis Wong developed an exciting serve, winning many points when we played an exhibition game at Appleby. Ryan Hiscox filled the role as the "le barrel," helping the team with his excellent bumping skills. David Charelbois made many graceful dives thus saving many points. The bench, not seeing much playing time, practiced hard and were very supportive. This years MIP goes to a player new to the game who developed into one of our better hitters and certainly demonstrated great team spirit- Ryan Wong. The MVP was our middle hitter A player with great vertical and devastating spike -Luis Leong. Thanks for a said season

This years U16 Volleyball Team became the most talented Junior Volleyball Team I have seen. The team improved rapidly and were undefeated in regular season and giving up only three games in all. After dropping the opening game against UCC in the semi-finals we gained the edge and beat them 27-25 and 18-16. After only a 15 minute break we played Appleby in the finals and lost two matches straight. This was obviously a disappointment for the team but we were proud of our accomplishments this season. - Mr. Reid, Esq.

Three-Time Champs!!

U14 volleyball was fortunate this year to have a squad of skilled, enthusiastic and hard working young players. From the outset, this team had its heart set on being the best team in the league. And they were successful in achieving this goal. As competition became more fierce, they held on to a first place standing throughout the season. The pressure to win the championship in the year-end tournament for the third year in a row was enormous. In a hard-fought battle we beat Appleby in the semi-finals. In the finals, for the second time that day, we faced UCC and won the championship. - D. Austin.

First Volleyball finished in fourth place this year after a difficult loss to a strong UCC squad in the semi-final match. It was an exciting season in that every game was close. We had some talented individuals, but never we seemed to get them to play at full potential on a consistent basis. Strong leadership on the part of captain Giancarlo Trimarchi helped to set a positive tone in terms of willingness to learn and sportsmanship. The only other graduating player, Ryan Kelly, ensured that things never got too serious. Throughout the season, Jarryd Stock and Joseph Rothwell were the go-to players. In fact, part way through the season systems were adapted to ensure that at least one of them was contacting the ball every time over the net. Joe's consistency and technical proficiency, combined with Jarryd's energy and athleticism were often enough to cause concern for opposing coaches. We would like to thank everyone for a great season.

Oliver!

Oliver! There is a reason for the exclamation mark at the end. Although the performance was only on for one week, the work leading up to this spectacular show was rigorous and took months. For the three hours of show time each night, the unbelievable performance of our wily, old Fagin (Brad Smith), the stunning talent of our Olivers (Dylan Baker and Trevor Jackson), Artful Dodgers (George Nozuka and Nick Caron), and the brilliant voices of our Bill Sykes (Jarryd Stock), Mr. Bumble (John Knutton), the whole cast, crew, and ensemble, kept the audience spellbound and mesmerized! After the show, the standing ovations, the cheers, and the applause, many were still humming and singing "Oom-Pah-Pah", "Food Glorious Food", and "Consider Yourself". It was certainly a spectacle to remember. The wonderful work of the make up ladies transformed the cast into characters of another time and era. The great contribution of the scene changers (You are the GLUE!) was appreciated greatly!

This was a wonderful opportunity whether you were starting off in theatre and music or were already very experienced. Each person involved made the St. Andrew's College Production of ***Oliver!*** what it was! We had an enormous cast and what really made ***Oliver!*** so special was that everyone had a character, no matter how big or small the role; each character had their own unique story to tell. When put together, life is created on stage. Not only was it a great theatre experience, many friendships were made through this production. From learning the lyrics to singing in harmony, from learning the dance steps to chilling backstage, it was a unique learning experience for everyone, and the result was like no other!

A lot of hard work was put into this production, stage managing, costumes, props, lights, sound, dance, song, and make up. It could not have been done without all the people who were involved and helped out. Thanks to Mr. Scoular, Mr. Clements, Mrs. Reninger, Paul Robinson and Amy Wright, Ms. Hughes McGuinness, Meghan Marshall, Mr. Service, Mrs. Bedard, Mr. Kimmerer, Richard Goldhar, Alex Chow, the cast , the crew, the ensemble, the dancers, the acrobats, everybody.

St. Andrew's Night Dinners

November 27 & 29th

St. Andrew's Night is a very special occasion where students and teachers alike gather for music, Scottish tradition, great food and of course Haggis. Again, both Upper and Middle schools enjoyed their evenings which began with the customary "ode to the haggis" performed by W.O. George Walker of the 48th Highlander's of Canada followed by a stirring rendition of the "Steamtrain to Malaigh" by the school's top bagpipers' Andrew Douglas, Ian Wright, Brian Grant and Matt Mitchell.

Two guest speakers also graced our evenings this year. Mr. Steve Heron ('77) delighted the Middle school students with many anecdotes and reflections of his time spent at St. Andrew's, while Mr. Courtney Stoate offered a different perspective as a retired school and Flavelle House Master.

Lastly, and as always, our celebrations included Clan awards for both Upper and Middle school students. These awards are offered to those who have made a substantial contribution to the school academically, athletically and extracurricularly and this year like no other typified the dedication that our students have to the ideals of the school and the community. Forty students were presented with their clan colours in upper school with twenty-four in middle school, setting the record for the most awards handed out on St. Andrew's Night.

Our celebration of traditions and recognition of student accomplishments truly made these nights evenings to remember.

SASSIN Presents *Peter Hillary*

SASSIN and the Sir Edmond Hillary Foundation of Canada arranged for the son the the great Sir Edmund Hillary, Peter ,to visit and address the school. An outstanding adventurer in his own right, Peter Hillary enthralled staff and student alike with tales of his own mishaps and successes. From trekking to the South Pole to climbing Everest and then phoning his famous father from the summit. Later Mr. Hillary signed posters and books before having lunch with members of SASSIN and the Headmaster. Mr. Hillary was accompanied by Mr. Zeke O'Conner, a great friend to the school and President of the Sir Edmund Hillary Foundation.

Craig MacFarlane & Curt Harnett

Craig MacFarlane's life achievements have been inspirational and his future goals and endevours are even more remarkable. He talked to St. Andrew's students about overcoming his disablity, living a full life, and encouraged us to never give up.

Curt Harnett, a former Olympic medalist talked to the St. Andrew's community about commitment, dedication and sportsmanship. His stories of achievement were to give us the incentive to go forth in life and be the best.

Guest Speaker , former NHL'er Dave Gagne addresses the players at the MacPherson Banquet

The 19th Annual MacPherson Tournament didn't start well for our Varsity squad when they were surprised by the strength of their opposition which resulted in them losing their first two games. This included the traditional Friday Night game in front of a very large and vocal throng of fans. Nevertheless, the game was hotly contested and the Friday Night Opening Ceremonies were outstandingly entertaining, with the Pipes & Drums on ice, the SASSIN Shootout and the traditional Islander vs Asian Hockey game. SAC finished strong, winning their 3rd game in the tournament which was eventually won by UCC.

Ski-Day

The weather was warm and the conditions were icy at Blue Mountain, but the enthusiasm was intense and in spite of the few traditional mishaps on the slopes, everyone had a great time.

Semi Formal

HOLLYWOOD

Some graduates enjoying one of their last semi's.

The Hollywood theme at this years semi-formal was creative, and enjoyable. With bright lights shining into the night, and a red carpet leading in towards the Dining Hall, it felt as if you arrived at a movie premier in L.A. Between dinner and dessert, Oscar awards were given out to nominees for Worst Dressed, Finest Blind-Date, Best Kiss, among others. DJ Super Mario played outstanding music that kept everyone alive as the night went along. The last dance was slow and a time to be close with your date. Afterwards, everyone swiftly ran from the dining hall towards their cars to party the rest of the night away.

VALENTINE'S Semi Formal

February 9Th, 2002, SAC held the second semi of the year. This time the theme was Valentine's Day. While everyone took their seats at the tables, balloons filled with pink and red confetti set the theme. Teddy bears were purchased and given to the girls when they were seated at the tables. After eating, the DJ played enjoyable music that kept everyone on their feet. The last few dances were slow, setting the mood, and a time to remember the whole night.

The Importance of Being Earnest

The St. Andrew's College Drama Society's second production of the year was a little smaller in scale compared to Oliver, but it was still a lot of fun. Based on the classic play by Oscar Wilde, The Importance of Being Earnest featured a well-known cast of Giancarlo Trimarchi, Stuart Manchee, Meghan Marshall, Jane Hailes, Collin Collins, Jane Staunton, David Nudds, Mike Nesbitt, and a hilarious Gord Graham in drag. The audience was laughing through the whole performance, especially when the Nudds, as the butler, made an appearance and said one of his few lines in that funny, hunchbacked-style manner or when Gord Graham made one of his many facial expressions under layers of make-up. Another outstanding performance to illustrate why drama is so popular at SAC.

Staff Student B-Ball Game

In my short tenure here, I've learned one insoluble truth: Andreans want to win...especially against the teachers! And make no mistake, their team was stacked. Players like Stock, Faulds, Bennett, and Birkett were the quarterbacks of an offensive Juggernaught. However, shear desire and will were going to win the day. The game was a pitched battle, with basket being answered by basket. But, the students, with the help of "elbows" Bennett and "3-in-the-key" Stock, began to pull away. Then, my coaching instincts took over. Who could secure a victory...and our pride. Well, there was only one answer: "Mr. Trés", Headmaster Staunton. What an unbelievable display. He was up, down, and all around. The deal was sealed by my powerhouse line of heart and fire, with Staunton, Ruscitti, Cowell...sorry, that was a typo, Robson, Carpenter, and Perrier, B. But, we were down by 1. Then, in one of the finest displays of athleticism seen ever, with 12 seconds left in the game, Headmaster Staunton carries the ball. Dominato yells from the bench, "Go for two!" Mr. Staunton pauses, looks at him, and calmly says, "3!" and drops the bomb. Game over!!! The staff leave the floor with the "Head" on their shoulders and sing, "We are the Champions." Truly a glorious moment

Cadet Awards

The completion of the training portion of the Cadet program was recognised once again this year with the Cadet Award Ceremony, commonly known as the Commanding Officer's Parade. The Corps continued to advance in the number of achievements received in the Star Leadership Program, the numerous Optional Programs and the two bands. In total, 339 Cadets received awards and rank promotions this year.

In addition to course achievements, twenty-six Cadets were recognised for outstanding dedication and loyalty to the Corps and were presented the Commanding Officer's Commendation. Congratulations to Ryan Kelly, Mark Cheng, Faisil Ratansi, Robert Lee, Richard Colton, Dana Stewart, David Wang, Johann Irwandi, Daniel Conrad, Jeff Hynds, Jared Leslie, Sohaib Siddiqui, Kyle Beatty, Rob Ferguson, Cody Biggings, JP Suddaby, Adam Hoffman, Chris Marshall, Jarryd stock, Alex Calvert, Chris Bromley, Devon Daniel, Blake Muir, Scott Harris, Robbie James, and Justin Wong.

WINTER SPORTS

In sport few things are more difficult than defending a championship.Our main goal for the 2001-2002 season was to repeat as CISAA champions, but this goal proved to be just out of reach as the team compiled an overall record of 20 wins, 13 losses and 4 ties.

We started on a positive note as a short-staffed Varsity squad entered the Ridley Early Bird Tournament. Despite missing players to Football play-offs & the drama production the team played hard, smart & passionate hockey losing in the semi-final. Entering the Christmas tournament season, the team was hoping to rack up wins & impress NCAA scouts. The Barber tournament (in Massachusetts) proved to be a mixed blessing as we played two strong games yet performed poorly in the consolation final. S.A.C. played some of its best hockey at the Nichols School tournament and, after starting slowly against Culver, the team went on to defeat Nichols, Albany Academy and UCC.

The opening day of the MacPherson Tournament captured much of what characterised the Saints' season. We played a weaker opponent in the first game and took the match too lightly – it cost us dearly. Later that evening, in front of a large home crowd, the Saints played their hearts out. We carried the play but could not score. National Sports Academy capitalised on our mistakes to take the match 4-1. The tournament was over for the host team and this may have been our lowest point of the season. As coaches, we were proud of the players for their effort in our final game of the MacPherson, as we played for pride and soundly defeated St. Charles College.

In reflecting upon the season a few characteristics emerge: the team was decimated by injuries as only four players competed in all of our games. We could dominate an opponent but lacked sufficient scoring punch to put a game out of reach. Our team was remarkably resilient. When we sustained the greatest number of injuries and thought we would be overmatched, we played our best hockey.

Over March break the team participated in a fantastic trip to Sweden and Finland for a five-game exhibition. This was an excellent way to finish the season as the boys played extremely well, going 5–0. Best of luck to graduating seniors Jimmy Healey, James Gideon, Graydon Stock and Nicholas Weedon. Congratulations to MIP Jordan Cyr and MVP Joseph Rothwell.

The inaugural JV team ended up being the U16 A team with a topping up of 3 seniors -Chris Yule, Colin McKay and Daniel John. The team competed strongly in two U16 tournaments, winning the TCS Tournament with a straight U16 lineup and losing in the final at the St.Mike's tournament with the full roster. Captain Darryl Stock led a team rich in talent - exceptional goalkeeping by Richard Colton, eye-popping offense by Jared Leslie, smothering positional play of our checking line of Kluwak, Middleton and Carnovale, were all keys to our success. In the end the team came up a little short in a disappointing and frustrating loss to Crescent in the quarter-finals. Often the measure of a successful season is not in trophies or even wins vs losses but more an evaluation of how far a team has improved and developed. This U16 team started their season getting throughly out-played by a very powerful St. Mike's team 14-0. Small victories during that game were simply getting the puck out of our end. Players and coaches alike didn't see a very bright future to the season. But with a number of players coming down from the JV's and an approach by the coaches to improve individual skills and team play, and real hard work in practice by many on this team a "500" record was achieved by season's end. This inspite of an influx of Injuries throughout the year. At the end of the year tournament, the U16's were ranked 5th and played very well winning the "B" pool and were rewarded with a trip to the Semi's to play the powerhouse from St. Mike's again. They hadn't lost all season - even beating our JV team 7–0. They had only given up two goals in the previous 12 games and only one during the tournament. The task at hand was daunting, but a change of system in the dressing room prior to the game and an unbelievable on ice commitment to our new game plan resulted in the game of the year in this league. With minutes left and the score 3-2 for St. Mike's a missed wide open net was all that held us back from the biggest upset of the year. In the end we lost, but it felt like a win remembering where we had started the season. I'd like to thank Mr. Duguay for his commitment and enthusiasm throughout the season – and for riding the bus to all the practises. Thanks to those players who, whether they got their share of ice time or not, and inspite of conflicts with group projects and outside commitments, etc., chose this team first more often than not. **SK**

With a record of 15 wins, 5 losses and 1 tie, the U14 Hockey season can be described as one that was successful, once again coming close to the championship but not quite there. I'd like to once again thank my Co-Coach, Mr. Stewart for his ever present enthusiasm and defensive expertise and Assistant Coach R.J. Ellis for his time and effort in helping out with our program. Our annual TOP 5 season highlights of U14 hockey include:

5. Paul Ross...just being Paul Ross - a source of lots of energy and enthusiasm.
4. Lennon Sweeting's 3 penalty performance against Villanova...without touching anyone or doing anything.
3. Defeating Nichol's in their home rink 6-0 and then shutting them out one more time, 2-0 in the UCC tournament.
2. Tieing St. Mike's 2 - 2 at home on our famous pull-the-goalie but forget to put the extra attacker on "face-off". We still scored by confusing the other team with 17 seconds left in the game!
1. Beating UCC all year long, especially the Friday night game at the Air Canada Centre.

1st Basketball

After tournaments in Welland and Guelph we got down to all our league games against the other private schools. We won our first 2 games and then struggled to find our rhythm for most of January.

At the end of January we flew to Barbados for a week of basketball and fun in the sun. The boys split their 4 games but more importantly started to play and act like a team. We returned to play St.George's in the finals and beat them by 19 points after losing to them twice during the regular season. We went on to play UCC the eventual league champs and lost to them in a close game after leading in the 4th quarter.

Leading us this year were Tim Thwaites, Michael Faulds, and Sebastian Manigat. All three players received votes for MVP. In a very close race Sebastian Manigat was chosen. The MIP was also a close race with many rookies and young players. We had a number of players whose games improved during the season. The person chosen as MIP is Tim Birkett. With almost the full squad returning we hope to have more successful season next year.

I would like to thank Mr. Ruscitti for all his hard work and dedication. And Mr. O'hare and his department for all their help. Also on behalf of the team I would like to thank Mrs. Perrier and Andrew Wakefield for their constant support and patience.

Tier Two basketball had an outstanding year going six and three and beating the first place Appleby team in the final league game. Despite the 6 and 3 record we still ended up tied for fourth and out of the playoffs.
Mr. Shrimpton, would like to thank all team members for a truly rewarding fun and satisfying season. He enjoyed every game and practice.
The team MIP player saw very little court time in the past few years on the younger teams but really picked up his game, became a starter by the beginning of the regular season and challenged for player of the year honours. In the final game he scored sixteen points and did everything in that huge win. This year's MIP is Simpson Chan
The team MVP was the emotional leader and leading scorer all year. Our offense revolved around this player and he was also a demon on defense. This year's team MVP is Austin Hracs **Mr. C. Shrimpton Esq.**

We played 13 games, finishing up with a 5 and 8 record. In CISAA we placed third out of six teams. Overall I was pleased with the improvement in individual skills and in particular our team play. Selecting our MIP and MVP winners was by no means clear cut. Four received MVP votes and six MIP votes.
The MIP award goes to a player who had little previous game experience. However his skill development over the course of our season. The MIP award goes to Andrew Brankley.
Several players had outstanding games. Alex Boileau against St. George's, Eric Swenker had a great game against TCS, Mark Cheng rarely came off the floor, Brian Daly's play became more and more effective, and superlatives could be said for all. But the MVP is going to a player who hustled constantly at both ends of the floor. He played with a lot of heart and determination. Our MVP winner is Matt Gynp **Mr. B Perrier Esq.**

It was a successful team this year. We won 10 of our 14 CISAA games Special thanks to the captains forheir leadership, to statistician Brian James and manager Steve James for their dedication. The coach and the players would like to thank Ryan Kelly for his assistance during the season, as well as to quite a few players on the 1st and 2nd teams, especially Kyle Beatty, for their help during many of our practices. This year's M.I.P is someone who was new to the school but who quickly became a very talented rebounder - Stephan Rykov. Our M.V.P, was also our leading scorer and the heart of the team. He was an excellent playmaker and a good shooter - Austin Smith.

The U14 basketball season was one of many highs and lows. Luckily for me as a coach many more highs. This year I was blessed with a group of hardworking and coachable athletes that never lost hope or focus of their early season goal... a CISAA championship. This year the league was very close with UCC, Hilfield, and Crescent all posting strong teams. Going into the final tournament we were peaking. We were running our systems better than ever, gelling as a team, and hitting on all cylinders. As a coach I was optimistic we would do well but reiterated to them team that the regular season was over and the best team on the day would win it all. Lead by Karl McCartney's Shaq like dominance inside we overpowered the competition. He owned the paint and had the knack to take over games at crucial points and drop 40 on em. This is why he was our M.V.P and lead us to the championship. Michael Greco led the back-court. He worked hard on his skills all year and was our M.I.P. Thanks to all the players for their hard work and dedication to our CISAA championship.

This past season was a successful one for the U13 Basketball team. After a slow start to the season, the boys jelled to become a force amongst the teams in CISAA. The highlight of the season was our trip to Vancouver, B.C. to represent SAC in the CAIS Under 13 Tournament. We arrived in the final against our nemesis from Hillfield-Strathallan College who was much the better team on the day and were worthy national champions and went on to beat us again in the CISAA tournament in March. I would like to thank our captains Anton Bennett and Justin Nozuka for their leadership. Similarly, I would like to recognize the support that Mr. Kyle lent the team. The Most Improved Player was Adrian Bruno. Anton Bennett was arguably the best player in the league. As a coach he gave me flexibility, this is why he is our MVP.

The St. Andrew's, U12 basket ball squad didn't have the win-loss record we wanted this season, but the boys impressed me with their play and character. The players worked hard no matter what the situation. In considering the award for outstanding player three boys not mentioned yet come to mind. Josh Hanson was a standout this season. I can think of more than one time where he was on all game and made great moves throughout. Colin Noble is another standout. Colin has few equals in rebounding or driving to the basket. Adel Ratansi is the third player that must be singled out at this point. As our captain, he proved the leader on the floor and his play was very slick. If Adel was out there things happened. And because of this Adel Ratansi is our MVP.

It was another exciting season for the Under-20 Swim Team. They showed excellent sportsmanship, dedication and team spirit. This year, the team won 3 trophies at the York Region Championships, and came 2nd place at the CISAA finals. Congratulations to the 200 and 400 metre freestyle relay teams who succeeded in breaking CISAA records. We would also like to congratulate the twelve boys who competed at OFSAA in March, especially to Scott Simmons, Stu Manchee, Robert Lee, and Alex Tanton who won a silver medal in the 4x100 freestyle relay. A sincere thank-you must go to Scott Simmons, who did a great job as team captain this year. He led by example, showed excellent sportsmanship, and was completely dedicated to the team. This years MIP award goes to Drewe MacIver who showed tons of dedication and enthusiasm and put in 110% into every practice and swim meet. The under 16 swim team was not very large this season, but they were incredibly powerful. Long hours logged in the pool building endurance and perfecting stroke technique resulted in races won, points scored and many personal best times. Special congratulations go to Jeff Williams and Kyle Jackson who captured York Region records in the 50m freestyle and the 100m individual medley respectively. Other top 3 finishes by Jeff Hynds, Ryan Luther and Erik Sodonis helped bring the York Region championship back to SAC for the 3rd straight year. All team members including Sang-Chul Yoon, Derrick Kocik and Rocco Mattucci achieved personal best times. The U16 team also did very well at the CISAA championship, including several top 3 finishes by Juan Lopez and Chad Davis. The MIP for this year is Jeff Hynds who worked extremely hard in practice and gave it his all in every race he swam. The MVP this year goes to a young man who never backed down from a challenge and had superb swims this year, this years MVP is Jeffrey Williams. Warm weather and poor snow conditions did not inhibit the efforts of this year's Alpine Ski Team. We hit the slopes twice a week every week skiing at seven different clubs over the course of the season. There are four separate CISAA races. Team points are cumulative with the final race worth double. As such, even though we entered the finals in first place we were not guaranteed to maintain that position without at least a few top ten finishes. Despite the pressure, all ten members of the two teams skied exceptionally well that day. The results were good enough to maintain 1st place in both divisions – S.A.C.'s first Alpine CISAA championship teams in about five years. Strength , endurance, and unwavering determination are vital elements in the sport of Nordic Skiing. This year, we were very fortunate to have a strong group willing to take on the many challenges faced during the season. This year's team consisted of Team Captain Randall Blom, Gord Hunter, Geoff DeLean, Hugh Dowell, Ian Wright, Charles Etienne-Bergeron, Mitch Myers and Simon Rugier. Our goal from the outset was to win the CISAA championship and it took place in Haliburton.

Starting with the junior boys race was Simon Ruggier who had a tremendous race, finishing in third place. The senior boys followed with stellar runs by Gordon Hunter, Randall Blom, Geoff DeLean and Ian Wright and some personal bests by Charles, Mitch and Hugh. We madly calculated the timings of our top four and realised that not only had we won but we were ahead of our opponents by nearly 12 minutes.

What a year for our senior squash teams!There were 18 members in the senior squash program which was divided into three teams: The First Team, the Second Team and the Development Team. This year's squash teams were a very powerful and dedicated group of athletes. They worked very hard at each practice to improve their game and they wore our colours with pride and determination at each of our meets. I am extremely proud of what they have achieved.

The Second Team won our first CISAA Tier 2 Championship ever and the final tournament was marked by a number outstanding efforts. I was extremely pleased with the hustle they gave on the court and we had strong performances from all the members of the team. They are Ryan Foreman, Liam Farrel, Andrew Gosbee, Jordan Dudley Colin Lowe and Kevin Lau.

The First Team convincingly won the CISAA Championship - the schools third championship in five years. The First Team members were;

#1 our Team Captain Adam Guy "the tiger"
at #2 the up and coming David Nudds
#3 was our explosive Mitch Myers,.
Our #4 was our reliable Clement Yau
#5 was the very talented and full of potential Dennis Wong
and at # 6, the newcomer to the sport, Tarek Merchant.

At the development level, all the players showed the potential to become solid players and will prove to be the outstanding contributors to our future competitive teams. Their daily efforts were very much appreciated.

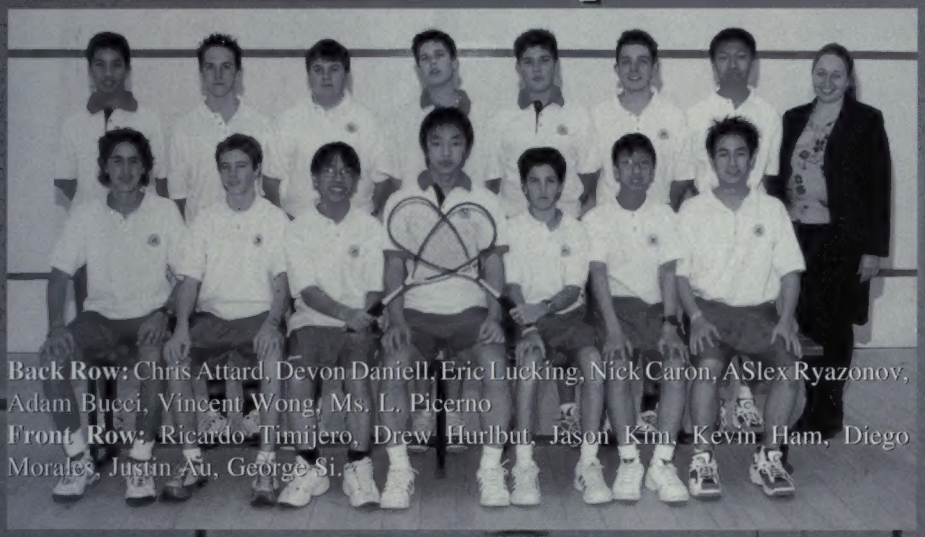

The future of the Team looks very bright with a great number of players returning from the squad and many quality players graduating from U16.
I would like to thank all the members of the programme for their hard work and dedication this season and I would like wish the best of luck to all the graduating players in their future endeavors!

This year's enthusiastic team was composed of returning players and some who never played squash before. Nick Caron was usually on hand to provide the squad with comic relief as he showed off his black rimmed 60's style goggles. Alex Ryazanov was on and off the courts with toenail problems, speedy Kevin Han could out run the whole team in a second but seemed to have difficulty arriving to the courts on time every day. Chris Attard and Faisal Ratansi were in constant battle fighting for the first spot on the ladder all season long. Adam Bucci lost against Ridley as his attentions were easily distracted by his female opponents. Drew, George, Diego, Vincent, Justin, Jason and Eric cheered on as Ricardo was dunked in the pool for his tardiness. The SAC team remained almost undefeated throughout the whole four month season. We thought we had it in the bag. The final CISAA tournament fell on the day of a snowstorm, sadly we arrived late and we were not prepared against our first opponent. The day went downhill from there. We placed third behind Ridley and UCC. Not the finish we were hoping for but we had fun all the while.

This year's team was comprised of students from as young as Grade 6, like Alejandro Ortiz and as old as Grade 10, like Tomi Jun. For a few of the boys this was their first experience with the sport of squash. We started off the season with a loss to UCC and ended the season with a clear domination of the game at the CISAA Tournament.

Schools such as Sterling Hall, Appleby College and Ridley College didn't have a chance against such stellar players as Javier Cortina, Emilio Olivar, Devon Bean, Jon MacKenzie and Thomson Ho.

Our only competition was Upper Canada College, but with the determination and hard work of players like Jared Kim, Jose Salas, Phil Oram, Taylor Walker, Ankush Sondhi, Mike McIntosh and Justin Lemieux-Reale we prevailed.

This year's Focus festival of the Arts was a huge success that started with the FOCUS introductory play. As the week progressed students and faculty alike were allowed to watch their peers in musical and dramatic performances. The Focus Art Show was a great success in showcasing the talents and year's efforts in SAC's art classes. From Smitty and Amadori's angry Tape to John Knutton's crossdressing, the plays were breathtaking and spontaneous. The introduction of the "Play pit" was an innovative idea that revitalized the doldrums of the Auditorium. The festival was capped off with the lamentable end in the SAC Tuck shop, to be demolished in the summer. Cabaret was filled with a twinge of sorrow as performers knew their venue was at an end. The season was split into two very different halves. It began with a group of 28 players who travelled to Washington DC to participate in the prestigious Cherry Blossom Tournament. We played two games, winning one and losing the other. A week later, the team was chosen, and after an intense battle with perennial provincial powerhouse Barrie Central and a solid win by 29 – 5 at TCS, the team seemed set for success. Appleby were next, and the game was a tough lesson in getting prepared for the unexpected, but the loss to them did not set the team far back. Four days later we had won the CAIS Rugby Tournament for the first time, beating Ridley in the semi-final and UCC in the final, 15 – 0. The team had come together, and were playing to a game plan very effectively. Then the second half of the season began. We did not win another game. Ridley gained revenge in our league game before UCC beat us twice – once in a close league game and then very convincingly in the semi-final to end our season.

Everybody on the team agrees that we were fortunate to have coach with me this year, a recent old boy and enthusiastic and knowledgeable Queens University Rugby grad, Mr. Mark Newton. Oliver Radley – Smith as captain was able to manage the team and his own game very well. It was a boost to have JR Lennox back. Other forwards graduating include Ryan Kelly – a natural athlete who picked up the game very quickly. Kevin Fullerton was a very dependable prop; JanMichael Ramlochan was another veteran who made an impact when coming off the bench, and Marshall Doyle is a tenacious player who loves the game and is proof that the little guy has a place among the big. The experience on the team lay more in the backs. DJ Bennett, Jordan Dudley, Adam Brander and Chris Lee are talented athletes and rugby players who will be graduating this year along with Andrew Joyner whose speed and strength were welcome additions.

There are three awards given each year. The M I P Award was in the end competed for by three players. Jordan Ross made terrific gains in his psPRING sPositional play on the field, and Jarryd Stock made the transition from under 16 to gain a starting position among the backs. Ryan Kelly, is new this year to the school and the game of rugby. Ryan is a most deserving winner of this year's Most Improved Player Award.

The M V P Award goes to an athlete favoured by every team he has represented at St. Andrew's. A veteran of four years on First Rugby, an Ontario under 16 and under 18 player for four years, a final trialist this year for Canada's under 19 World Cup team, the clear winner this year is another class act who is recognised as an outstanding ambassador for St. Andrew's, D.J. Bennett.

TIER II RUGBY CHAMPS 2002

Our season began rather slowly, as we were unsure if there would be sufficient numbers to carry a team. However, as the season continued it seemed as if aspiring first time and veteran rugby players came out of the woodwork to bolster our team numbers making us a force in the league.

Our season passed rather quickly, and it was apparent that this team certainly had what it takes to be a champion at this level. The players were all committed to success, and worked very hard to achieve this end. After the regular season has passed, the team had posted a very impressive 5-1 record with 184 points for and 22 against (for comparison, last year we only scored 32 points in the same number of games).

Entering the final tournament, we easily reached the final with a 47-0 defeat of RLC. The championship was a truly hard fought defensive battle stretching end to end of the field. When the dust has cleared, we were victorious with a narrow 3-0 victory, claiming the elusive championship. To put it in perspective, 3 years ago we didn't score a point for the entire season, so to raise the rugby level to this is truly a great accomplishment for this talented group of players.

I must commend and thank the 20 committed and determined team members, who fought through injury and hardships to gel as a team and prove that we were a side not to be taken lightly. Additionally, I must thank each of our dedicated, graduating players: Pablo Sanders and Dominic Sacher

And especially to our multi-year graduating players who stuck through the years of hardships to finally finish on top.Jeff Ginou, Andrew Gosbee, Andrew Steeves, Leighton Moriarty, Mike Charlebois (3 years as captain).

Last but certainly not least, I would like to thank my new able Assistant coach Mr. Treasure for his help with video analysis and support with the backs, the first team coaches Mr. Swan and Mr. Newton for including us in their practices and commending our progress, Gord Birkett for helping the team while the head coach ran off to Austria, and last but certainly not least, Mrs. Perrier for all of her support, advise and help on the sidelines. For most coaches there are very few times in a career when you get a group of players who have what it takes to produce an undefeated season. For Coach Shields, who is now 22-0 on the year, this was his second undefeated season in a year… for myself it is just the first.
For both of us it was a highly memorable season of rugby excellence and for this we would like to thank all the players; our trainer Dave Adolph; and of course both Greg Reid and Ann Perrier for their tireless efforts in setting and managing all the things that go into any successful season.
This was truly a season to remember: back to back CISAA Champions, a perfect record, and a great final game. It just doesn't get better. - J. Butcher Esq.

UNDER 14 CHAMPS

8 wins, 0 losses, 349 points for, 57 against

This is the 3rd year in a row that SAC has been able to field a very powerful team in all aspects of the game: tremendous rucking, the best in the league, strong tackling andpowerful running. With 40 boys on the roster, we were able to field 2 line-ups and a 14 man Smurf team who developed amazingly throughout the season. After winning the first game at SJK 61 - 0, we met HTS who were reported to be very strong. After the previous win, over-confidence set in as the match started, and we spotted them a 17 - 7 half-time lead. With some regrouping the boys were able to rebound and won the game 35 - 24. The remaining teams in the league were not strong and we won all the games convincingly.
The final tournament was hosted by SAC and we met RC in the semi-finals, winning quite comfortably. The second line played the entire 2nd half so that the starters could rest for a final against HTS. The first half was a hard fought battle with SAC leading by a try, but we were able to wear them down in the second half to become champions for the second time in 3 years.
I am very proud of the boys' accomplishments this season, and I hope their rugby careers continue to flourish in future years. The Under 16's will have some very good additions next year. - J. Clements Esq.

Several strong individual performances were the highlight of our season. As a result St. Andrew's was represented at the regionals in midland by Gordon Hunter, J.P. Suddaby, and Peter McClellend. Colin Collins and D.J.Bennett, as members of our 4x400 meter team, rounded out our contingent of five. Gordon Hunter and J.P. Suddaby went on to OFSSA.

Our objective from the outset as with all teams at St. Andrew's is to win the CISAA Championship. This was indeed to be a formidable task this year as our numbers did not allow us to fill all events. Nonetheless, we battled hard and in the end placed 5th overall of 12 participating schools at the CISAA Championship meet.

However the Middle School Track Team was large in numbers and they achieved many fine results at their CISAA Track & Field meet. So the future is encouraging. On the other hand we lose a stalwart to graduation next year. Peter McClellend, who has completed his 5th year on the team, has always being an impact performer and a wonderful role model. Congratulations to all team members and good luck next year! - Mr. Ruscitti Esq.

This is our first year in an A.S. universe — After Sam — and I have only positive things to say about our level of play and about our team. We went into the finals with an undefeated record in exhibition play and the tournament was the expected three-way shoot-out between the red boys (us), the blue boys (UCC) and the blue-and-gold boys (RSGC.) It came down to a near tie all-around with UCC ending up with 78 points, RSGC with 75 points and SAC with 72 points. The next closest competitor had 39 points. Graduating players Brian Lin and Eric Nei fought back from the brink of defeat more than once and treated the crowd (and themselves) to something more akin to a slam-dunk contest than a badminton match. Richard Choi and Dennis Wong, both in their first year from Under 16, won the right to be called the best second doubles team at the tournament — which was no small feat given the competition. These guys jelled as a team are were fearsome on the court. Ryan Lo gave a courageous performance in his final match of the year staggering not once, not twice, but thrice from exhaustion before being narrowly defeated in the consolation final. He garnered the respect of all who watched the match. Kevin Lau and Brent Cheng, also up from Under 16 and playing singles, indicated to all that we continue to be a badminton powerhouse in the the A.S. universe. I was most impressed by the willingness of our guys to cheer and to be unabashed supporters of their colleagues. We raise the bar everywhere we go.

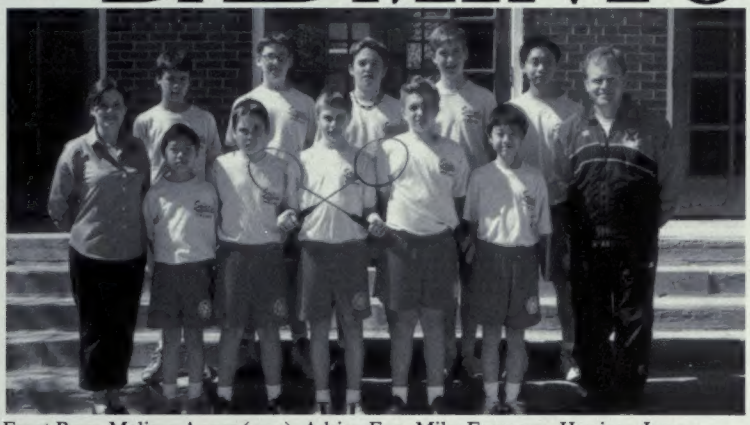

I would also like to thank Soung Hun Lee, David Trott, and Kenny Yuen for their fine support of the team and for the effort they put into development this year. I bid adieu to Brian and Eric after three years of outstanding play and leadership. I appreciate Brian's will to win and Eric's finely developed sense of sportsman and teaching.

The World Badminton Championships were recently played in Sweden. They use real feathered shuttles at that level. Players can go through 50 or 60 shuttles a match; and shuttles (or birds) reach speeds of 200-300 km/h! At our tournament the shuttles are plastic and travel only as fast as Mr. Wenk walks the halls of the school but the intensity and desire to be victorious is similar.

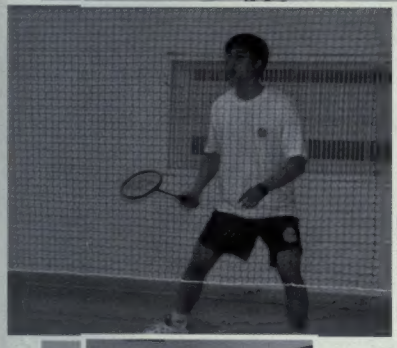

After a season of ups and downs we were expected to finish 6th of 8 teams but some final season tweaking and peaking propelled us to finish a respectable third!

Special thanks to Mrs. Auger for adding a sense of cohesiveness to a season interrupted by cadets and my end of season absence.

The U16 Badminton team was a young squad with a number boys still eligible to play U14, but hopeful of doing well. Calvin Lam, Kevin Han had a strong seasons and progress was made by Mark Hanson and Simon Lau. After a very successful regular season- winning four matches and losing only one- the team didn't fair as well at the end of year tournament. This young team will be ready to challenge next year. We were faced with a challenging season, but managed to play competitively against teams with more depth, losing 3-2 against UCC and HTS and beating Rosseau 5-0. We were hurting in the absence of our star player, but obviously not as much as he was. We knew we had a difficult day ahead of us. We didn't win the tourney, but what made it special was that we were the only players in the tournament who managed to win a match against HTS, the winners of the tournament. Not bad for a couple of boys who had only been on our team for two weeks. The rest of the team had a pretty good day as well as we blanked Rosseau Lake 5-0. As usual, Jose Uribe scared his opponents with his blistering windmill forehand and his fiery stare, while Austin Hracs impressed everyone with his finesse and his towering height at the net, and Randall Blom and Steven Pryce were a wall at the net and ran down every ball. - Coach Duguay

A tennis team is made-up by a total of 7 players, 3 of which play singles (seeded #1 to 3) and 4 players that make-up the 1st and 2nd Doubles teams.
Generally I am very happy with the results, although we didn't start very well. We played 8 regular season matches, and managed to win only 2 out of the 8. However we improved a lot over the course of the season, and looked forward to the final ISAA tournament as a way to redeem ourselves.
Here, 9 teams were divided into 2 divisions, the top two teams of which would advance to the final round. Despite the strong competition, we won 3 rounds out of 5, winning a total of 12 matches out of a possible 20, but we missed the final round by a single game.
One of the highlights of the day includes the performance of the 2nd Doubles team, made-up by BOSCO TSE and ADAM BUCCI who were undefeated, winning all four of their matches.

This season coaching the U14 Tennis Team was meaningful for me as I saw that no matter how much the team wanted to win, they were not ready to compromise the route they took to get there.

I would like to use the following acronym to describe their season - CISAA.

'C' stands for **Courtesy**
'I' is for **Integrity**
'S' which is **Self-Control**
The first 'A' in CISAA stands for **Adaptability**
The final 'A' stands for **Achievement**

A special thank you to our Team Captain, Jay Smith for his support, leadership and talent as our #1 singles player this season.

This past season marked our first ever Lacrosse pre-season tour. We were fortunate enough to accompany the Tennis team on their trip down to Mercersburg Academy in Pennsylvania in early April. We won both our matches and received the necessary training before our regular season games began. As always the conference was closely matched with only a few goals separating any one team. On the whole we were not able to meet our own expectations and fell short of our anticipated goals. However, the season was an enjoyable one for many reasons. We had a new crop of enthusiastic young players and held an U16 game against Agincourt H.S. winning convincingly. We are looking seriously at the possibility of an U16 team for next year. We welcomed the experienced coaching of Mr. Greg Reid to the team this year and were better players for his skill development drills. As with any year we bid farewell to our graduating players and wish them well in their university careers (hopefully still playing Lacrosse somewhere). It is with enthusiasm and delight that we look forward to next season and our long awaited turn at the championship.

I would like to take this opportunity to thank Mr. Gaertner for his dedication and commitment to the golf program at St. Andrew's. Mr. Gaertner was named Senior Golf Coach in 1993. Before his time, our practice regarding senior golf was to pick four golfers and take them to the tournaments. While successful in that we won a number of championships, Mr. Gaertner decided it would be better to develop players at the junior level so we would remain competitive at the senior level year after year. In 1994 we introduced our first junior team. Since then I have had the pleasure of working with Mr. Gaertner. Over the course of time, Mr. Gaertner has coached the senior golf teams to 2 CISAA championships and has never placed lower than fourth in any season. A commendable record. Thank you and good luck in your future endeavours. - Rob Giel

Once again we had many talented individuals come out to our tryouts for the junior golf team. By balancing returning players, with players who had developed their skills over last summer and with new players who had just joined St. Andrew's we put together a force to be reckoned with. Members of the team compete at tournaments in a two man team format. In most tournaments we entered 3 two man teams.Team C comprised of different players each week Matt Suddaby, Ricky Reininger, Ryan Bryce, and Adam Zoratto finished in the top 8 overall. Team B - Erik Borstein and Chris Bromley were also very successful earning 34 points and finishing in third place overall – two points out of 2nd place. Team A composed of Sandy MacKay and Pierce Cassidy won 4 of the 5 tournaments and came 2nd in the other. On a cumulative basis they earned 70 points over the course of the season. The next closest team earned 36 points. As a result the Junior Golf Team are the **CISAA Champions.** - R.Giel Esq.

Last year a challenge I gave to the team
To get more wins than we've ever seen.
And to this end in-wins we did rake
As the CISAA finals we did make.
A fun bunch of guys, a dedicated team
Working hard, playing well, potential was seen.
The challenge was to reign in our hopes
People said we should have other teams on the ropes.
With graduates and outfielders Mike Faulds and Ian Wright
The ball was often hit out of sight.
A pitcher we had extrodinaire
Mathew Law just kept pitching them in there.
Giancarlo came with energy to spare,
Have you ever seen a ball player with such great hair?
Captains Canning Wong and our Chuckie too,
They were inspiring and leaders true. C.H.McInnis

This year was the first year that St. Andrew's entered a team in the U12 softball league. The season was definitely a learning experience for both team and coach alike. Although we did not come home with any trophies or a league championship, we did learn a lot about the game, good sportsmanship and how to play as a team. Choosing the MIP and MVP honours was a bit of a difficult task, as every member of the team showed improvement and many people rose to the occasion when heroic plays were necessary.

Table Tennis

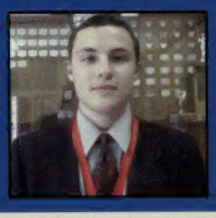

Table Tennis falls into that category of sports which includes golf, squash and tennis. They are all excellent recreation, can be enjoyed for a lifetime and can be shared on a competitive or non-competitive basis. Many households have their own table and most of us have played ping pong at some time or other.

Here at SAC we offer this sport in house league in the winter and as a competitive sport in the spring term. Fixtures between schools are rare as most competition takes place at the club level. Nevertheless, the most important school competition in this area is the York Region championship and I am pleased to announce that we have won the Senior Boys' Division for the second time in the last three years of competition.

The two awards go to the members of the championship pair. MIP is this year awarded to a player whose tactical game improved greatly - **Kent Fu.** The MVP is easy to award as this player stands head and shoulders above the level of competition seen in this region. I have to say that I was also very impressed with his quiet determination and effective leadership qualities. - **Anatoly Loor**. - ***Mr. A. Halstead Esq.***

Coaches Kyle, Gomes, and team prepared at first indoors, trying to stretch opposing corners of Dunlap gym, or riding buses to Etobicoke for net practise where we stood up to the dreaded 60 mph bowling machine. When the sun arrived, we met outdoors on our mini-pitch at the back field, where we became mentally tough by concentrating on trying to avoid crashing into nearby football and snow plow equipment, or trying to avoid tripping down the hill while running backwards to make high catches. Patiently, we waited out the two months for wet fields to dry up enough to play our first game. Our confident and relaxed "island" family atmosphere left us a little unfocussed and ready for a loss, which a powerful UCC squad happily administered. After allowing over 200 runs, we were left in a state of shock to begin our turn at batting. We could register only 48 runs that day, along with another 27 from their wide and no-ball bowling. Afterwards, instead of burying our heads in the sand, these young men recommitted themselves to working even harder at practice for the remainder of the season, and the results were often nothing short of miraculous – not that any player turned into some kind of superman – only that what started out as a most fragile, suspicious, and selfish team, coalesced into this most energized and high-spirited machine, where the success of the whole group eventually became more important in the minds of the players than any temporary individual defeat or achievement.

It's tough to get pumped up and rolling again after such an exhaustive effort. Naturally we were tired going into our final game against TCS in Port Hope. Thanks to a reasonably solid innings of batting by Josh, Warren, Mitch Myers and the boys we held a comfortable lead of 125 runs. We once again made a game of it, by allowing them to quickly get within 17 runs of us. Having been schooled on the effectiveness of Mr. Staunton's legendary walks around the perimeter of the field during games, coach Kyle nervously re-enacted the ritual. Within minutes, the injured but still mighty phoenix, Zohab took their 10th and final wicket with only his 2nd bowled ball of the game, thus ending a 3rd consecutive CISAA league winning season for St. Andrew's cricket.

Congratulations are also due to Tarek Merchant for juggling his impressive 1st tennis duties with us; to Jason Bayley for his accurate record keeping, Web Site excellence, smile; to Steven Brooks for his eagerness to improve and help out; to Terry Belgrave for his bravery in facing those bouncing rocks; to Ryan Sequiera for his cheeriness and assistance; and finally to Jon "Winky" Fernandez for his sportsmanship and cheery attitude.

Mr. Kyle and Mr. Gomes wish to thank the boys for their remarkable example of tenacity and determination in the face of defeat, and, most importantly, for their special friendship. We respect you: "*BOWLING! BATTING! FIELDING!*" - **Mr. D. Kyle Esq.**

Being at SAC as a member of the "7 Year Club" has really made an impact on my life. It has made me more responsible, and taught me better ways of living. Being a boarder for the first two years trained me to care for myself and be more independent. It made me new, life-long friends that I could never put behind. I could never forget anyone in my graduating class, close or distant, everyone of you have changed my life in many ways. Sports at SAC have been great! They devoted my extra time into extracurricular events. The games and tours have been enjoyable, and I will never forget playing for the teams I played for. Every course and teacher I have had, has educated me with stuff that I couldn't imagine my life without. I want to thank all of those who have influenced me into becoming a better person, and helped me through these seven years.

Comment: When I first entered the gates of SAC in September 1998, I was just a terrified Island boy who was afraid of his own shadow. After 4 years here, SAC has surely changed all that and has made me into the man that I am now. I have enjoyed every minute of being here and being a proud Andrean. I would like to thank my parents for making all those sacrifices for me to be able to have such a wonderful opportunity. Mum and Dad, you stuck with me and guided me through the tough times and I truly appreciate everything you all have ever done for me. I do not know where I would be today without your love and support.
I would like to thank Mr. & Mrs. Perrier for making my 4 years @ SAC enjoyable especially in the boarding house. Mrs. Perrier, I really appreciated all those house breakfasts, BBQ's, after study treats and much more that you did for me. You made us feel at home in the boarding house. Mr. Perrier thanks for all that extra calculus help after study. It really helped a lot!
Mr. Halstead and Mr. Butcher thanks for all of your helpful advise throughout all the rough times. I appreciate all that you have done for me.
Mr. Walden thanks for all your help and guidance throughout my time here. I thank you for disciplining me when it was necessary, without it; I don't know what would become of me. You will have to find another Islander that can count the coconuts as well as I can.
To all my friends graduating this year, (mini-me, Gummie, dodo, Tim, Robo, Skolz, Brooks, hormone, blackachino, Brown, Lee-dawg, winky, sorry if I left your name out) I wish you good luck in your future endeavors! For all you guys still here next year (Botts, Zeebo, Merv, Davies, swenks, Wahid, Brad, scroter, Dougie, patty, Phil) time is valuable and it goes by quickly, don't waste it! Before you know it, you will be leaving this place also. Make use of the time you have!
Peace out.

The acclimatisation process of this school started off slowly with me, and I think it will take an even longer time for me to realise all the benefits it has bestowed upon me. The pride of being an Andrean, will follow me everywhere. My days at SAC have been positively influenced by uncountable personae. Mrs and Mr Robson have opened my eyes to my shortcomings in English, and hence, the possibilities, and, Mr. Cowel showed me Alistair Macleod's short stories. The skiin's been great, Mr. Gaertner. Dr. J. and the all inclusive, calculated Geo. Stewy, the phone man in Mac, plus so much more. Hugh, you are what the homies had in mind when they first said, "keepin' it real". Conversations with Mrs. Mix, at the receptionist desk, and then up in the Guidance office, brightened many a day (a smattering of Dutch will get you places). I'll never forget those Saturday mornings when I was roused to full awareness by the remarkable Mr. Arril and his bag of tricks. The Bedards made my home at SAC a friendly and welcoming place. Mr. Shrimpton and Mr. Myrans both gave extra's that added a lot; The Forum, and NYC. Forum opened my eyes to Canada, and to the many different people in it. Mr. Myrans' passion for history has inspired me. All of a sudden I realise that I have the confidence to believe that I can, and to go for it. Somewhere along the way, I got that here. Always apply, both yourself, and to everywhere, because otherwise, you'll never know. In this last stretch, the culmination of my schoolin' so far, the Guidance department has been incredible. The broad base that makes SAC remarkable, is promising for the future. The tradition will continue. To all my friends, you were always there for me, and I know you will all have great stories to tell-so let's do this. Live it up!

Deciding to attend St. Andrew's was a toss-up after my grade eight year and I am forever changed because of the decision that I made back then. The past five years at S.A.C. have provided me with numerous challenges, opportunities, and benefits. I have grown to love and cherish so much and so many here. Mr. Kimmerer – thank you for your guidance wherever we happened to be (like playing Euchre at 13, 000 feet, halfway around the world) and for getting me to chapel, sometimes. Mr. Swan – thank you for giving me a chance to play rugby and instilling a passion for the game in me. Mr. Arril and Mrs. Mix – thank you for scrambling around to ensure that I have a right path to continue along next year (if all goes well). Most importantly, thanks to my family. Mom and Dad, for all the sacrifices that you made so that I could attend St. Andrew's and have all the opportunities that I did, I will never be able to thank you enough.

I want to thank God foremost, for giving me the strength (and sanity) to get through these past years. I also have to thank my parents for sending me here and for sending me money. Thanks Mom!

I don't think it would have been as easy to get through SAC without my friends of the Island Crew, my Mexican Posse, the Chinese Connection, the Russian Mafia and some Canadians that didn't get on my nerves.

I can't forget my housemasters, Mr. and Mrs. Perrier, who were always there for me when I needed someone to talk to and confide in. Mr. Walden, who's Bajan accent could use some work, maybe some more Appleton Rum would help. Everton, nuff respect and blessings. To anyone that I forgot...too bad. Anyways, I'm gone back to Jamaica, enjoy the cold. Later. Brooksy.

Finally... Thanks mom and dad, for letting me have the chance to study at St. Andrew's, where I surely learnt a lot academically and about life. I did not regret at all starting over again in Toronto at SAC, where I met the best bunch of friends ever. It's been two years I've studied here, and there are still a lot of names and faces I don't know. But that unimportant, because since I stepped into the school I knew you guys are the best friends I could ever have. Being able to spend good and bad times together, studying together, and just chilling together. Anyways, I'd like to thank Mr. Shrimpton for being such a nice housemaster, he's made life a lot easier here, but I'll never forget how he said I was unhealthy in my final report of grade 12. Not until the moment I have to wrote that grad comment that I realize how long I have been here. 6 years ago I never thought that I would be someone like me right now. The first week I was here I knew that SAC is the right place for me to pursue a higher level of education. However I never knew that SAC provided not only education but also other important values of life, leadership, sportsmanship, friendship etc...

I would like to thank my parents and my brother for all the advices and support. Without my family's support I won't achieve what I have achieved right now. I'd like to thank all my friends; graduated, graduating and non-graduating, for the friendship which I will never forget in my life, and I will keep in contact with all of you. Thank all the teachers for teaching me with their 100%. Thank all my coaches and teammates for all my 17 wonderful sports terms (especially my football team with that unforgettable season). Thank all the individuals who says "Hi Ryan" every time I see them in the hallways for many years, just that insignificant little greeting gives me the energy and support everyday. Thank you Mr and Mrs Perrier, my house master, for countless support and help with school and around the house. Last but not least, I would like to thank my adviser, Mr Giel. Thank you for all your encouragement and assistance that you have provided for all those years. Without you I won't be able to survive the long 6 years all by myself. Thank you!
If you are still reading, I appreciate it. But don't waste your time, go out there and do something. If I have another chance to do the 6 years again I would make better use of my time and accomplish more at SAC. Time is the only limitation that restricts you! Use it wisely!

57 days until prize day... time really flies by and I wonder where I will be after leaving SAC. I know I will miss my friends and teachers that have made it the best time of my life here at SAC. I really thank my mother for sending me here 3 years ago. Many good things happened including things happening ATQ. Bors, Lun, Ger, Ng Wing 7 Cheung and his brother Hung... I will really miss you guys. Best wishes to Ng Wing 7 Cheung, hope you will break many 'poles' next year when we are not here... and hope you can be "luftendunt kernolial" and play the "peepas" well. Also I would like to thank the Shrimp dogg for giving me many opportunities in all aspects here at SAC. Thank-you and I hope that SAC will bring even more opportunities for great minds in the future.

Grad Trip 2002

The stories will haunt us in 20 years for sure. No doubt about it, Grad Trip 2002 was the most successful trip ever planned. 32 Andreans embarked on a journey of learning to fabulous Cancun Mexico on an all inclusive trip. For 8 days and 7 "memorable" nights we were submerged in culture, and amazing scenery. Most memorable moments were: The bus ride from the airport, Coco Bongo, La Boom, The sports restaurant at 3:00 every day, the longest pool in the world, the infamous cruise with Ryan Wong riding the bull, Cronin with his math skills (1+1+1=3), Jimmy with the quote of all quotes "If I fall asleep I'm sorry", Austin and the phone bill incident, Dudley and the posters, Jeff Ginou…AKA Roger Clements the strikeout king, Graydon and his 7 unsuccessful attempts, and finally Cronin and his trip to Pakistan. These are just a few of the many memories that all 32 of us share and hope that none of the stories ever surface or else we will have some serious explaining to do to our future wives…"I am sorry honey, I was taken advantage of!"

Comment: As my career at S.A.C comes to an end, I leave behind many memorable memories that I've encountered over the past 5 years of my life. Memories such as the Carol Service, Cadet Inspection, Cadet Parade, Cadet Formal, Focus, Spring Fest and many school plays, which makes S.A.C unique; along with many sporting events, Homecoming, Ski Day, Prize Day, late nights studying for tests and going to McDonalds or Starbucks during my spares, will always be apart of me as I progress onward through life. Special thanks to my friends (you've made my time at S.A.C very enjoyable and less stressful than it already is), Mr. Clements (thanks for bringing out the musical talent within me), Mr. Galajda (thanks for preparing me for what lies ahead of me in the field of Science), Mr. Arril (thanks for helping me out with my university selections), Mrs. Mix (thanks for organizing and sending my university applications), and Mr. Swan (thanks for helping me out with university advice). Most of all, I would like to thank my parents for sending me to one of the best educational institutions in Canada; I will make you proud in the future from what I've learned at S.A.C, as well as my sister for believing in me and knowing that if I set my mind to something, I will be successful; I love you all. As I move on to university, I feel somewhat nervous of the fact that my future depends on the next 4 years, however, as a result of S.A.C, I also feel confident that I will be successful in whatever I choose to do.

Wow, these three years have been so fast and so amazing. As a prospective boarder not knowing what to expect, I walked into Flavelle and reluctantly left my days of childhood behind. Now, 3 years later I am once again reluctant. I am reluctant to leave and graduate. I am indebted to my friends who have made my experience, my time and my SAC the one that I leave today. The ones that has made my life changed and renewed. The friends I've made while at school and the ones I've made because of it. I'm thankful to my supporters and especially my parents. Mommy and Daddy, you've always been there and I'm glad that you got me this far, no matter what happens, I love you. To my boys from Memorial to Flavelle, thanks for the times at Commerce, Pacific, and Hong Kong; I truly appreciate it. To all the girls I've met and left behind, you've helped me mature, I love you Amy. To all my teachers now and gone, I'm glad that you encouraged me to meet my maximum potential. My achievements in university will reflect what you have taught me in class and out of class.

I can't say its been a short or long time, but it's been quite a ride nonetheless. Didn't expect at all the kind of experiences, which I got while here. All the drama, the sports, the fun so to speak will be strangely enough, sorely missed. It's been an interesting era in my life; pissed off a lot of people in high places but it was all for a good cause, everyone needs to be put into their place occasionally right? Keeps the sanity among the community.
Big up all the warriors from the present to the past: Gummie, Sacher, Jayru, Mr. Bayley; Scooter, Fully, Phil, Big Guy aka ROBO; Skolz, Dana and Jamie; Khoury and Winky aka Stinger; Chris, Botts (England still doesn't count as an island) and saving the best for last, the top a the tops from JA – Timmy!!! (too much bizzle to list off), Schmicky (ma bredrin from the day I touch dis place), Froggie aka Robert (jus a ramp), Brooksy, Mackie, Chicken (all a ya'll large from long time). My brown people – Mini Me, Zeebo and Tarek
Anyways I have to give some of the teachers their props:- Bobby P & Mrs. P (keeping the Memorial clan well fed and healthy), Mr. Butcher (my how we've spent countless hours talking about too many problems) and Mr. Staunton. Well I wanna say more but I've hit the limit on this thing so to all the people who know me – feel privileged
Highly Bless

Epilogue: Saint Andrew's College will always bring only the best connotations to mind. I will look back on my career here with pride and endearment. All of my relationships throughout the years have helped build me into the character I am today. My parents and parents alone are responsible for the privilege that I have endured for the past half decade. For my mother's undying faith in my abilities and constant encouragement, my father's selflessness in sacrificing so much so that I could receive a higher education, I cannot begin to express my gratitude. To my classmates, all the best in your future endeavors. God Bless.

Until three years ago I did not know this school at all. Many people might think an all-boys school would be the stupidest place to spend three valuable years. But I believe I made the right choice. Over these three years, I have learned things that no other place could have taught me. After all, this school is like a big family to me; I like the feeling here, it is just like being at home. Mr. Myrans has always been a key factor in why I enjoy history so much—your stories make the social sciences so much more fun! Mr. and Mrs. Perrier made Memorial the best house ever. (Even though Mrs. Perrier frightens me sometimes still when she opens the door very late at night.) Mr. Perrier is very humorous, coming up with lines that stop me from talking back. Though I am not a great math student, you are the greatest Housemaster! Mr. Cowell, Mr. Dominato, and Mr. Robson made English as fun as it could be; they let me enjoy English in a different way every single year. Aha, Dwong2, Fred, Jay, Wilson and KHC—you guys are friends that will be important to me my whole life. You guys are just too great— though I might not be able to see some of you next year, I will never ever forget about you guys! St. Andrew is one of the most unforgettable memories in my life, no doubt.

I would like to thank my family and friends for all their support and guiding me through my high school years. It was definitely an experience I enjoyed and will never forget. The teachers here in SAC are probably the best teachers one could ever hope for. I would like to pay my tribute to: Mr. Galajda who helped me a lot in varies ways, Mr. & Mrs. Perrier for their efforts in keeping the house in shape, and last by not least Mr. Butcher for tricking us all into joining the Robotics team. I will always remember how we stayed up until 1AM everyday getting that hunk of metal to move.

Two years experience in SAC, though short, it gives me a highlight of my life. I won't regret choosing this school as my graduate high school. SAC is a unique school. I realize self-learning is very important. It does provide various facilities, extra-curricular activities and opportunities which help us in self-learning. Needless to say, the teachers play an important role in the school. Having said that, SAC is a high-spirited school. The school members unite and support every single event. Everyone of us is willing to participate and volunteer. I feel lucky I am a member of this big family.

Oh my GOD! Lord, thank you for your never ending compassion over these years. Lord, thank you for my time at St. Andrew's and guide me as I leave this place. Every one of those times at the school, both the good and the bad, each one memorable, each one precious. They have shaped me for the better. Father, I pray that beyond those Lion Gates, you will guide me with your knowledge and my experience from this place. I cannot believe the time that has passed so quickly, you know of the good times and the bad that I have passed. You know of the friends I've made and the memories I've made. I just hope that each of the things I've taken, grasped and experienced in my time will not be for granted, for vain or for loss. Thank You Jesus, I'm glad that you've given me every chance to do everything I've done. Regret or rejoice, each action and event has helped to shape me into the person who I am today. To my brothers who remain, I pray that they will grow as I have grown. Matured as I have matured, gone out and done things for themselves on campus. I have gotten involved in my 6 years and each activity has helped me.
Thank You God. Amen.

It's hard to sum up my four years in 250 words. So it's best just to say my good-byes and thank yous. I would like to thank my teachers, Mrs. Picerno, Mr. Halstead, Mr. Shrimpton, Mr Staunton and my advisor Mr. Butcher. I know that I might not have been top in the class, but I definitely learned something. Mrs. Bottomley, thanks for being a mum, the laundry, the cooking, the place for rest, don't worry I'll be back next year sometime. However no words can accurately express my appreciation to the two people in my life who made these 4 years possible. Mum and Dad I love you. Thank you for giving me the opportunity to experience a school like this. I know that it involved great sacrifice but I can assure you it was well worth it. THANK YOU. First and foremost THANK YOU to my parents, especially you mom, for your constant sacrifice and support. You've given me more than you can possibly comprehend. Thanks to all my teachers, for learnin' me stuff good, and for all the second chances. Thanks especially to Mrs. Perrier. You've been a mother to me while I've been here, and I can't tell you how much I appreciate everything you do. Mr. Scoular, I have learned more lessons, and more about myself on and around the stage than in any other aspect of school life. Thank you. Thank you to everyone who has ever believed in me, supported me, listened to me, and given me a chance. There are many people I can't mention simply due to lack of space, but you know who you are. Thank you for all the memories. I no longer recognise the boy that I was when I first entered the gates all those years ago. I have changed and grown, learned, and learned, bled, sweat, and cried for this place. I consider myself very lucky to have experienced all that I have. Five years have seemingly disappeared, but they were without a doubt the best five years of my life. To my fellow grads – we are leaving with the inexpressible collective experience of this not so ordinary place, and this is more valuable than anything else. We will be able to look each other in the eyes forevermore, and have that flash of intangible understanding of what it was to be an Andrean while we were here. I wish you all the best of luck in this bright future, and hope that our paths may continue to cross. It's been fun.

The past five years have past so quickly and yet when I look back at all of my accomplishments it seams so much longer. I guess it is true what they say, "time passes quickest when you are enjoying yourself." First and foremost I want to thank my parents for always being there. For giving me the opportunity to live through experiences, so that I can set my goals high and dream for the skies. Thanks for everything!! Secondly a shout out to THE TABLE + one. Oliver(ollie) - You're my best friend and I will never forget the amazing memories we had, "Go get um Tiger!" D.J. - You're my best friend and I will never forget the table arguments. "I was just sayin, D.J." Graydon - Great times, especially on the weekends "Let's do it up!" Gideon – You always found a way to surprise me, not to mention to make me laugh. Jamie – The most sensitive member of the table but always someone I could talk to. To all my other boyz, amazing memories and I will never forget any of you. Well all good things must come to an end, but at the same time a new journey is only beginning. Thanks SAC for making me who I am…..

It has been a great two years at SAC. I would like to thank my teachers and coaches for all of their help and support. Special thanks to Mr. Cameron and Mr. Shrimpton for all that they have done for me over the last couple years. Mr. Cameron thanks for all the time you spent working on film and calling coaches. Mr. Shrimpton thanks for the film, one on one coaching, and calling coaches, but most of all thanks for being there all the time. You are truly what you look for in a Housemaster. Thanks to all of my friends, you know who you are. Especially the two roomates that I have fortunately been paired up with. Special thanks to my family, especially my parents, who have made it all possible. Thank you for being the best parents ever. Finally, thanks to my friends back home who supported my tough desicion to come to SAC. Especially my girlfriend, Elena who has always been there for me. This school and everyone apart of it, will always be close to my heart.

It's not about reaching goals. It's about rising above them.

Well, who would have thought that two years would have passed by so quickly? All I can say is that they have been a blast. In only two years SAC has become like a second home to me. Its staff and students have also become my second family. I have had a great time at SAC and have learned many valuable lessons and developed friendships that will last forever. I am proud to be an Andrean.
I'd like to thank my mom and dad for their support and sacrifice that brought me here in the first place. Thanks guys for giving me the chance. I'd also like to thanks members of the staff for doing their part to make me feel welcome. Thanks Mr. And Mrs. Bedard for your hospitality in good, old Sifton house. Thanks to my advisor, Mr. Swan for pointing me in the right direction. Thanks to all my teachers who worked valiantly to cram as much information as they could into my brain. I will miss Mr. Jones and Mr. Butcher's constant debates over which is the ultimate science in the universe as well as reading the Bible with Mr. Perrier. Many thanks to Mr. Paolini and Mr. Scoular for helping me find inspiration in class.
And who could forget my friends. Good times. I will miss all of you. Steven and Jihad, how many hours of "The Simpsons" did we watch together? Tim, Tarek, Warren, Botts, Bally, Gummy, Mini-me, Brooks, Phil, Chris, Sacher, Big guy, Dana, Froggy and the rest, I will miss you all. Wow, 7 years, I never thought it would have gone by so fast. It seems like only yesterday, I was a little boy lost on orientation day. It is only when I look back on that young boy and I realize how much St. Andrews has changed me for the better. It has been a long road but thankfully I did not have to go it alone. Everyone at St. Andrew's has done so much for me and I am so appreciative of all their efforts. There are a few people who do standout in my mind and who I wish to express my deepest gratitude's for everything that they have done. They are Mrs. Perrier, Mr. Cameron, Mr. Rush, Mr. Scoular, Mr. Giel and Mr. Robson. There are also many others and I regret not being able to name them all here. I would also like to thank my classmates for keeping me on my toes and making it an interesting trip. There are some other people I wish to thank and they are my parents. Without them and their sacrifices I would not have been able to attend St. Andrew's and I don't think I will ever be able to thank them enough for everything that they have done. St. Andrew's will live in my mind forever and I do not think I will truly know what my time here meant to me until I'm older and able to reflect. It truly is not an ordinary place.

What a ride it has been. The Fastest four years of my life, the meeting with Mr. Foy is still fresh in my mind and now I am writing my grad comment. The ride was as good as the company that came with it; no better company then *The Table*- Stock, DJ, Olly, and Duds, Weedon (home away from home. keep practicing maybe someday you will be better.) Pete (still can't figure out the run for fun part of you), Giancarlo (don't worry the cakes will never understand) Dr. Ryan Kelly (don't forget to give me the assistant job) Branderrrrrrrrr! (or should I say Brendon) Guy (three championships in four years you know it) Jimmy (that's enough of go go's for you). Big John (take you on anytime), can't forget the boarders and the awesome guys in the boarding houses that made long nights at sac and on the sports field also awesome. And all the leaders of next year make sure you take care of SAC and I want nothing but championships. Boys Thanks for the ride!
To write about my experiences of St. Andrew's is a task that can take a long time. St. Andrews takes all the different experiences and puts it in one place. Sweden- Finland hockey trip we finally found out who ran things. How could I ever forget the famous sac dances followed by the amazing after parties, the Formal followed by The After Party. Of course trying to make it for chapel every mourning at 8:10 will be something I wont forget (I mean I tried to make it, I swear!) I have experienced so much at St. Andrews in the four years and each experience has helped me grow as a person. Thanks to all my teachers for continuing to push me and care. I thank my parents with all my heart, they have been there for me. They supported and pushed me in everything I do with out them I would not be the person I am today. They have given up so much and worked so hard for me to be able to attend St. Andrews Thank you Mom and Dad for sending me to a school like this and for always being there.

I still remember my first day of school here in Grade 7. I was in Math Class and as Mr. Josselyn came to my name on the attendance list he jokingly said, "Not another Ginou!" On my first report card I broke a solid Ginou tradition: 57 straight terms without producing a scholar. I also became the first Ginou to walk on the moon (or was it, sleep under a table?) I'd like to thank Gomer, Spaceman Spiff, and Danny Boy for making it so easy for me to exceed expectations. But seriously, thanks for being an inspiration to me these last 19 years. 2003 will mark the first time in 17 years that SAC will be without one of us. Thanks Mom and Dad for being magnificent parents and always supporting me. I'd like to thank my eternal Co President. Our LG, C combo was unbeatable. I'd also like to acknowledge my 4th brother (Roach), B-Man, Stevens, Joogles, Channo, Tool Time, and Lucas. I had an excellent experience in my seven years at SAC. Thanks for all the memories.

The past five years here at St. Andrews have been a blast in my past. The cross country team which I was a part time member, the student life committee, cadets and of course the play which I was the producer. The school offered so much and I took advantage of what I felt was important. The guys that I knew were rather funny and amusing and made my time at S.A.C that much better. It would have been nice to actually have met everyone in my grade but that's ok. The staff who had conversations with me, we really had a good time and those that did not or chose to dislike me well you ended up with the greatest loss. Mr. Walden the bucket is a waiting for you as I depart, it will overflow with your tears of sorrow. Mr. Herder now the time has come when you get to experience what everyone else already has. Attendance for Smith house will never be the same. St. Andrews I truly enjoyed my time here and hope in future to keep in touch with the school and friends that I made here.

Six long years. Five different housemasters. Four years of disappointing grades. Three consecutive years ending up in the hospital after ski day. Two years of good grades. One pair of bloodshot eyes.
Too many concussions to remember the rest, I think we won some sort of Golden Horseshoe Bowl somewhere. I do remember playing U14 hockey and leading the team in a game with eight penalty minutes while playing goalie. Has it really been six years now? I can't really count that high anymore. Well it's been fun, injury after injury, hell I think I've been going to the hospital more often than I've been going to classes. I always loved walking around with bloody eyes and hearing little kids scream out "Mommy it's the Devil". But it's time to move on now, or is it? I'm writing this two months before I'm actually suppose to graduate, they assume I actually will? There's a long shot.

My Years at SAC despite my whining and complaining all the time were very fun. Thanks to my coaches and teachers, your guidance and training helped me figure out a lot in my life and If I did poorly in your classes don't take it personally I'm just lazy. Thanks to my buds for just being cool. Good luck to all the boys in my grade on your future endeavors. And even though Mr. Robson said not to do this: Thanks Dad

Through the generosity of the school and my parents making many financial sacrifices, I was able to spend four amazing years at SAC. Words can't even begin to describe the fond memories that I will take away from St. Andrew's. I have learned so many of life's valuable lessons that have shaped me as an individual, which I will carry close to me wherever I go. I would like to thank Mr. Josselyn and Mr. Bedard whose tireless effort and continued support, through thick and thin will never be forgotten. To my dad, when I am playing professional football overseas, I will buy you your well-deserved Porsche. To any Andrean reading this, my words of wisdom would encourage you to put meaning to every you do at the college and be proud of it. It is that pride that will let you stand tall. To all my boys, Pete, GC, Stocker, Weedon, Brander and R. Kelly, thank you for being there, friends for life! Finally, to the Prefects, yes we are legends.

Over the five years that I have been at St. Andrew's, I have had many experiences that have helped shape my individuality. I know that the memories will last, and I am excited to see what the future holds. I would like to thank my parents: Mom and Pete, Dad and Ann. I know I often take it for granted, but I would like to thank you for giving me the opportunity to attend St. Andrew's and for supporting me in everything that I do. I would also like to thank a few teachers, starting with Mr. Shrimpton. Thank you for giving me an opportunity to play football. You have not only taught me how to play the game, but also how to love it. Thank you also to Mr. Cameron and Mr. Service. To my friends, thanks for all the great times, and keep in touch. Andrew J., I not think, I SINK we've had some good thymes. Good luck at Princeton or Devry, wherever you choose to go. Shout out to all the other SAC guys: Muscles (let your style flow), Brander, Geoff (a.k.a. I never quite knew what I was getting myself into when I first decided to attend St. Andrew's. Leaving my tiny community in Newfoundland I had quite a culture shock my first couple of months here. However, my only regret is I didn't get a chance to come to St. Andrew's earlier. This place opens up so many experiences and allows you to meet so many special people. Whether it's playing hockey in Sweden or watching one of Mr. Scoular's magnificent plays, there is something here for everyone and it's always done to perfection. I would like to thank Mr. and Mrs. Herder for giving me the opportunity to attend the best school in Canada. To the Stock and Marshall families for making me feel right at home whenever I came to visit. To Mr. Roy and Mr. Bedard for giving me the chance to perform on the ice. To the boys in Memorial for all being my brothers. To Mr. Swan, my teachers, and Mr. Stewart for all your help. To my Housemaster, Mr. Perrier for his wit and good humour. To Mrs. Perrier for all the talks, wisdom and just being there for me. To Mrs. Mix for all your help and guidance. I never would of made it without any of you. Most importantly I would like to thank my family. Thank you Mom, Dad and my sister Kate, for all the sacrifices you all have made over the past two years in order for me to have this opportunity. Without your love and support none of this would be possible. Finally, to all my boys, Stock, Faulds, Chuck, Weedon, Fras, Gids, JoJo, D.J, Duds, Ollie, Cronin, Joyner, Jamie, Gavin, Brooks, Guy, Collins, Pete, Dominic, Chooch, Robo, R. Kelly, Chris L, and my best bud Smitty wherever our travels may take us we will all be able to call St. Andrew's home.

First of all, I would like to take this opportunity to thank my parents to give me a chance to study at SAC. Without their support, I couldn't have got into this great school. Although time passes quickly, 2 years only, I will never forget the great memories here and that I will keep in my heart forever. I would like to thank my housemasters Mr. and Mrs. Perrier who helped me adapt to the new environment during my first year and my advisors Mr. Giel and Mr. English for valuable advice.
Special Thanks to Wilson (Pooner) to abide with me to be my roommate and Dennis Wong (2) to be my best friend at SAC. Also I would like to thanks Andrew Chen, Fred, Dennis (1), Brent, Jay, Jose, David Wang, Ryan Chan, Luis, Ryan Wong, Keng-Hao, Simpson, Charles, Kevin, Canning, Micky, Clement, Kenny, Jeff Lam, Derek, Ravel, David Zhou. Wow. I never thought I would ever be writing my grad comment, but all good things come to an end. I don't really know what to say, and no matter how much I do say, it won't be enough. First off though, my greatest thanks goes out to my family, for supporting me, guiding me and for giving me a chance to make something of myself, coming here has been the best thing that has ever happened to me. To my teachers, I have learned a lot at SAC, you've supplied me with the tools in which I will build my life, thank-you, and a special thanks goes out to Paul Bedard, I told you I'd graduate!. Now the hardest one to do: give a shout out to all my fella's. It isn't possible for me to thank you all, and so I'm not going to even try: to everyone who I have ever sat at a table with at lunch or sat beside during chapel, exchanged a joke as we pass in the halls, or touched my spiky hair, you guys are what I will miss the most.

Thanks go to everyone who has taught me or pushed me to my limits here at SAC including Mr. Service, Mr. Galajda, Mr. Butcher, Mr. Wenk, and the Perrier's. Thanks also to Mr. Staunton, Mr. Arril, and Mrs. Mix for the help and support you've provided me, it meant more than you know to me. Thanks also to Mr. Jones for helping me hone my soccer skills, and to Mr. Robson and Mr. Cowell for introducing me to lacrosse. I knew I had no chance of being called Chris anymore when you both started calling me Jojo too, and thanks to the boys on the team for pointing out my Bo.
It has been a completely new experience for me here at SAC and I'm glad that my parents were willing to sacrifice so much for me. Through my 1.5 years tenure here I have learned more about life and how it really works then I had cared to know before. However, I hope that I leave here a better and more rounded person for it than when I came. I don't know what the future holds for me but it is comforting to know I can look back on my past here with fond memories.

To all the boys at UCC and SAC, you know who you are, but you'll never know how much you meant. As well, to all the guys I've shared a laugh with along the way, I'll miss you too. Coming to SAC was something I wasn't sure about at first, but after the best year of my life, I am sure glad I did. Thanks to Coaches Cameron, Shrimpton, and Newton for making me a better competitor, athlete, and champion. To all my teammates, you are my brothers, and I can't thank you enough for allowing myself and the other seniors go out in style. Mom, Dad, I will never be able to thank you enough for the sacrifices you have made to send me to UCC and SAC. I love you.

Looking back at the last seven years, I question myself how I was able to survive the St. Andrew's experience. There were many times where I felt I didn't belong here. But there were always those who helped me through this journey of change and development. First and foremost, I would like to thank my own family, as well, my best friend and long-lost brother, Jeff Ginou, and his family for their support. It was with your help that I was able to enjoy my many years at St. Andrew's. I would also like to thank my friends, for enduring my annoyance and tireless jokes. In no particular order, I would like to thank Warren Pringle, John Knutton, and especially Andrew Steeves, Patrick Harris, and Adam Brander. (*Suzy Q's anyone?*). Thank you guys for being a helpful hand when needed, although this only happened when I had money in my pocket! I would also like to thank all my teachers for the great learning experiences. I would like to thank Mr. Stephen Kimmerer in particular, for putting up with my childish behaviour for seven long years. You have been my Housemaster, Teacher and Advisor for my entire life at St. Andrew's and although we had our differences, you were the one person I could joke around with casually. To everyone else, good luck and thanks!

Wow, how time flies. It seems just like yesterday that I started here. I want to first thank my parents for their constant love and support. Without them, I wouldn't be where I am today. There are several teachers that really made a difference in my life, the first being Mr. Gaertner, you were a great advisor over the years. Mr. Scoular, thank you so much for uncovering a love of theatre for me. You are brilliant! This year was the greatest year of my life, and thank you so much for allowing me to be a part of the greatest show ever at SAC (even better than West Side Story Gids!) Besides all the singing, dancing and acting, the best part of the show had to be the makeup! I can never forget all the great times over those 3 months, and meeting so many amazing people. When one door closes, another one always opens up, and Oliver! was that door for me. You are a great teacher, and a great man. Mr. Clements, I never knew I loved to sing so much! You are a great music teacher, and an inspiration. Thank you Mr. Ray; you were a great teacher, and person. You are the reason why I want to study English in university. Mr. Kimmerer, you're a great guy.
And finally Mr. Cameron. You were always there for me, in football or just in life, and I really want to thank you. I came to SAC in grade 9 knowing nobody. It was a new school, a new place, and new people and you made me feel welcome. I remember coming to football camp in grade 9, and not knowing a single person. It was great to be accepted into the school, and having basically everyone know me! Through my 5 years, I have had many great experiences here. Football is one of them that I will remember for the rest of my life. Being the Drum Major of the Pipes and Drums and playing at the Skydome at halftime for the Golden Horseshoe Bowl, winning the CISAA for football in grade 10 (and being a starter), and all the senior guys on the team over the years always making me feel welcome is what I will remember the most. Football games, homecomings, FOCUS, Cadets, parties, Grad trip in Cancun were all great memories. I just want to thank all the guys that made my time here enjoyable. Ginou, Giancarlo, Gideon, Petey, Weeds, Brander, Rog, Ollie, and anyone else that I left out. Thanks!!

First and foremost; All Praises Due To Allah, The most beneficent the most merciful. The most High and watcher above all things. When pathways were dark you were my guiding light, when times were hard you were my shoulder to cry on. You are and always will be my number One. Many doubt your existence, but my making it this far has proven your power to me. I thank you an infinite times over, and will always remember the lesson's you have taught me throughout the years. I must also thank the two people who have been there for me, not only through high school, but also through my whole life. I know this is supposed to be restricted to just my days at SAC. But you have been there for so much more. So I take this opportunity to thank my parents. Mom and Dad, I recognize all the sacrifices you have made for me throughout the years and for this I will forever be thankful. I send the rest of this out to my boys. Most of you underestimate how much you mean to me, but even if I haven't been able to show you, let this piece be the evidence. All of you mean very much to me, regardless of how different my life has become due to this school. You guys are my heart. Don't forget that. Jayson, Mun, Jai, Habib, Karl, Lizo, Shaf, Nick.
One love to the MAg 7:45 Click. We Made it.

Through the 4 years at SAC, I experienced a lot of highs and lows inside and outside of school. These experiences got me to realize what my goals are suppose to be and what they are going to be. My life at SAC was very enjoyable, but i will not go through it a second time, because I have a future waiting for me.

I remember the first time I came to SAC, everything was new to me, especially the way of life in the school. At first, I thought SAC was going to be like an army camp, with everything strict and tight - I thought it's going to be a horrible year. However, as I got to know SAC better and deeper, I was truly shocked by everyone's spirits that they put in for the school, and from that moment I know that SAC would be a school for me.
Though these 2 years in SAC, I have gained a lot of valuable knowledge and friendships. These elements are treasure of my life, which can not be made again. There will be no other Yick Mick bringing animation to me everyday no one better than E.T. Tam in the K.Tam game, no other Bear could be so logical, no other Popcan be so artistic (just remember to wash your hands after opening some boxes), no other Paradocs will say kiss my brain, and there are too much for me to write(sorry if I didn't put you on here, you're still my friends!)
It's time for us to leave SAC and go on with our own lives. Although I have just been in SAC for 2 years, my friendships to you are longer than simply 2 years, instead they're timeless.
SAC FOREVER!

Well what can I say? My time at SAC was short-lived, but was a memorable one and a life learning experience. First of all, I'd like to thank my parents for their sacrifice and dedication they gave me throughout my entire high school career. Without they're on going support and love, I would hardly be the man that I have become. Thank you for giving me another chance and believing in me! Without you, I would not have been given this opportunity, and I hope I have made you proud.
Many thanks go to the Perrier's; for making my stay in residence an enjoyable one and for putting up with me, as I was not always the easiest to handle. To Mr. Swan; your guidance and continued support the last 2 years were priceless and will not be forgotten. The Craig's; for being my second family and my second home, and to my grandma; I love you and thank you for everything!
And most importantly, to all my boys through the years: Kurt, Scott, Phil, Tim, Warren, Tarek, Gavin, Dana, Gummi, Sacher, Froggy, Zoheb, Bayley, Mark, Dave A, Mano, Mani, Tzimas, Jimmy, Brooks, Jihad, Winky, Nesbitt, JoJo, Miller. Thanks for all the memories and great times. Good luck, and I'll see you in the future.
Coming to SAC was my toughest decision, but as I now leave for good, it seems that it was my smartest decision, as I leave with knowledge, friendships and life long memories. Thank you St. Andrews…You will be missed…

I am proud to be one of the few members of this year's 7-year club. It's been a long time since I first walked into my room in Mac House but I remember it clearly to this day. I was so nervous that my parents got upset with me because I wouldn't get off my bed to meet my new roommates. Thanks Mom thanks Dad. A lot has changed since then, time has passed so quickly that grade 7 doesn't feel like it was 7 years ago. Making the 1st rugby team as a starter in grade ten was one of my biggest achievements athletically and being elected prefect was the biggest honor I have ever received. I hope that my duties as a prefect, RSM, Andrean and as a brother have been fulfilled in my time at St. Andrews. I would like to thank all the staff for their patience with my academics and a special thanks to Mr. and Mrs. Bedard for all they've done around the house to make living in Sifton such a pleasure. Mrs. Perrier was always there to help like a second mother. Mr. Cameron for showing the true meaning of SILVER and I will always remember his energy and passion for both on and off the sports field. And to my advisor Mr. Shields who has been there since the beginning and who taught me as a teacher and as a coach. Thank you. To all my friends (you know who you are) good luck in all you do and do something you love because you love it and not because it pays the most money.

It's been 7 long years here in SAC and I still remember when I began with hatred towards the school. However, my hatred slowly changed to appreciation after each year. I started to appreciate this school because I started to meet many friends and learnt many lessons in life that I wouldn't have learnt if I was still in Hong Kong. Once in a while, I wonder how I will be like if I haven't come here. Within 2 months I will be leaving the school and still, I don't know whether it's a good thing or not. The good side to leaving is that having 7 years in St. Andrew's, preparing myself to get ready for the challenges in the front, not only academically, but also mentally. And now is the moment to show whether my efforts paid off at school. On the other side, I've been depending on the school and teachers for their support for the last 7 years and now that I'm leaving the school and getting closer to the real world, I'll have to get used to being independent. This year is my wickedest year at SAC. Maybe because I got the authority to bud line during lunch time, wearing my Lieutenant tunic yell at the kids and make them to push ups, etc…..keke. Also, I'm glad my buddies are always by my side, sharing my happiness and sadness. Thanks guys!! (Dennis ****ing Wong, KHC1982, Aho, Hello Wong)

Time has no form and no shape. No one is capable of capturing time. Time flies and flashes in front of my eyes and before I know it I am already in OAC. I share many great memories with the school and there were times of merriment and sadness. I regret that I have not involved in more activities in the school as I should have. People don't appreciate for what they are given until they lose it. I guess that what I am feeling right now. I am glad that I will be leaving this school with wonderful memories. The school helps me to grow up to be a man. Finishing my high school career also represents an ending to one of the chapter in my life. It is time to move on to the next chapter and step forward into the future! I like to thank all of my friends and teachers that helped to make my experience here one of a kind. Special thanks to friends: Clement, Derrick, Jeffrey, and Wilson. Special thanks to teachers: Mr. Treasure, Mr & Mrs. Robson, Mr. Kimmerer, Mr. Jones, Mr. Dunford, Mr. Tsioros, and Ms. Austin.

When you live here for more than a third of your life, it becomes a huge part of you. Through the years, I have grown to be accustomed to the traditions of SAC and appreciate them as well, such as Chapel, Carol Service, Cadet Parade, Prep Rallies, and mysterious incidents in the residences. There are too much to write on what SAC has meant to me so I'll just say my thanks. Firstly, thanks Mom & Dad for giving me the opportunity to attend SAC (Yes, I'll admit you were right.), your advises, your patience and all the things you have given up for me. Everything I did here, I did to make you proud. Thanks to the teachers, staffs and the administration for giving me an opportunity to develop and shine academically, socially, and spiritually. Especially to Mr. Hanson for being my advisor, coach and friend in the early years and Mr. Bedard for his guidance, care and long talks. Lastly, to my boys especially the Gr. 7 Group: Brothers, thanks for the life-long friendship and the great times. I'll remember you guys for the rest of my life, we're family. Good luck, I know our future will cross further down the road!

When I first came I didn't know what to expect. I came here from my native provincial thinking, a new place, a new school. I wonder if it's worth it. But now, after experiencing it, I really think the world of it. It's been a great time in a great place. Thank you to my Parents and my family, I needed your support every step of the way... especially in starting my journey here. I love you very much. I would like to thank my math teachers Mr. Perrier and Mr. Wenk who gave me significant knowledge in the math field. To Mr. Robson and Mrs. Pries who played big roles in helping my English improve. My advisor Mr. Butcher who always provided me with a piece of advice. To Mr. Joiner who reinforced my world geography skills. To Mrs. Mix who took care of the universities to which I applied. To Mr. Walden who always kept an eye on my discipline. To Mr. Bedard and Mr. Newton who taught me how to live in a big community. To everyone who was involved in my life during my experience at St. Andrews. To my friend Pavel Rykov for always being there throughout.
Now as I leave this place, I know that I won't forget my time here, even if it was only one year, it' s been one of the greatest I've ever had.

I think the mere fact that I spent so much time thinking about what I was going to say here speaks to the special quality St. Andrew's holds. I always become aware of that quality after returning from a break or holiday, and it seems like I just came back from pulling a quick MacGyve or something. The camaraderie that exists at this place is something I will always remember. I haven't always been fond of this place. Resistance was my operating principle for much of my first two years. I can give SAC only credit for reforming my shadiness. However, I am far from a Complete Man. I still do stupid things. I still pull risky MacGyve's for the sake of it. I still act immature sometimes. What I have now that I previously didn't is a direction. I now have the sense that whatever I might do which is immature is nothing but a transgression. Although it isn't a well-defined path, I know now that I am on a path, and not wondering aimlessly through the woods. To all my boys, past and present: Bibby (seen), Moose (a true SAC success story), Veg (for hip-hop and seens), Smitty (for being the Complete Man, and for completing me), Yari, Thompson (for being Thompson), Carter (for lighting yourself on fire), Tarek, Bloot, Cyat, Chuckie (rheem), Stock (for being a cool Head Prefect), Jimbo (for also understanding Smitty), Jamie; and to the fallen ones: Rogers, Cook, Nate. Mom and Dad: What is to come will be my true thank you. And to my boy Hanni: Thanks for all that clean, clean, clean.

Well it's been 3 years now and I've finally realized what my father was trying to tell me all this time. Mr. Bedard, if it weren't for you, I would never have been able to enjoy this wonderful experience at SAC. You are not only a friend but a mentor too. Words can't describe what this place has meant to me, but I feel privileged that I was able to come to a great school like this. To all my boys! There isn't the words to describe what you guys mean to me. I've never had a brother in my life, but now I can say I have many. I've learned a lot from you guys and I hope I've done the same for you. The memories will live in me forever. Timmy (Martha) my wonderfully organized roommate what can I say man, it's been a good year. Your not only a true friend but your like a brother to me, I hope you'll stay in touch always. Oh and I best be getting wake up calls next year! What would I do without you. Dodo (Mooch) I don't have any food, so go away! Phil, I'm real glad we got to be good friends, I'll see you in Bermy this summer! Scott, I'll never forget late night talks in your room (you know what I'm sayin) Gummie, let's go pull some donuts in the parking lot, Jamie, only got one thing to say WILFRED! Fras, wanna pull a mcgive? And to all my other boys, good luck and stay in touch.

My experience at Saint Andrew's has been very memorable. When I first stepped into the school three years ago, I wasn't sure that it was the right place for me. However, things have changed, and so has my perspective. I will miss this special place. There's a distinct sense of pride here, within the school, and I will take it with me when I leave, and keep it for a long time.
Many people helped me pull through difficult times here and I would like to thank them. Mr. Cowell, for all your help during these years, in and out of class; Mr. Jones, for being there; and most importantly, Mr. Shrimpton, my housemaster and coach, thank you for being such a great friend. Friends are a major part of life at St. Andrew's, and my friends were a major factor in making SAC special to me. My friends: Gerard, we've been together for quite a bit now... 9 years... I hope you'll be staying in TO; Simpson, my annoying roommate! Lets hope we live together next year; Alan... erm... my 'handsome' friend... lets hope we both go to UT; Charles, I hope you survive. And a 'farewell' and 'good luck' the rest of my Chinese and ghostman crew: Henry, Kennie, Ryan, Ken T, Cronin, Jihad, Brooks, Luis, Keng, Wade, Dougie, Loreman, Jason, Adrian, Fraser, and Brad.

I came to SAC two years ago not knowing what to expect. I had grown up in a small country school most of my life, which made me a little nervous about coming to a new school. I would like to thank everyone at SAC for welcoming into this community with open arms. To my friends (you know who you are) I couldn't have done it without you. You guys sure know how to throw one heck of a party! To my teachers, thank you for giving me the confidence to believe in myself. To my parents, thank you for giving me the opportunity to be my best and for your continued support. I love you all.
Until next time SAC

It's been six years at St. Andrew's and things have definately changed. I have enjoyed my stay at the school and the friendships I have developed have been great. The atmosphere at SAC is tremendous. There is always something going on, no matter if it's a team playing a game, drama or just sitting back in the library talking to friends. It's been a great experience for me to come to this school and if it wasn't for my parents, I probably wouldn't be here. As I move on to university, I wish for the best for all my friends in grade 12; OAC is tough, so be ready for a challenge. Mike, remain faithful; Derek, win intramural next year for me; Ryan, what happened this year with all your saying (d'own worry 'bout it)? Brian, badminton partner for how long now? Maybe we'll be business partners with that clinic idea of yours. Finally, to the school, I'm proud to have spent the six best years of my life at this place and now it's time to say "Good-bye."

Well, this is my first and last year at SAC and it has been an experience. I graduated last year from an American international school in the Netherlands and it's good to be able to get a chance to graduate from a Canadian school as well. I wouldn_t be here if it weren_t for my sister who discovered the school for me, thank you Alena. To all my relatives who supported me either with money or in spirit over the year_s, thank you so much for everything. To all my friends now in university across North America, thanks for the last three years of high school and making them the best years of my life so far. Josh, Oliver, and Allison, you guys were the best friends I had in Europe, thanks for being there. To all my boys here at SAC, I can_t thank you all enough for making this year worth while. Especially to Hodge, Gord, Pringle, and Aladdin for being good friends and putting up with my crap even though we_ve only know each other for a short while (NHPG was a blast, even if we never finish it). And finally above all, my parents, thank you for supporting and pushing me to make a decision about this year, as well as putting up the money, you gave me another year to postpone University and life which I needed. I love you both very much and only hope I can be as good a parent to my kids that you both have been to me.

In true retrospect, these last 7 years have been the best years of my life. I came into this school as a boarder not knowing what to expect and now, as I leave this place, what little I had expected is was blown out of the water. For this, my body will leave but my spirit will remain. I'm thankful to all my friends, the ones I've made while at school and the ones I've made because of it. I'm thankful to my supporters, my parents. Mom, Dad, you've always been there for me and I'm glad that you got me this far. To all my dear boarder chums, I thank you for the times I could crash with you, I truly appreciate it. My friend's on the Review staff, thanks for all the pics! To all my teachers, I'm glad that you motivated me to achieve levels that I would never have dreamed. My entrance to a higher level is because of your light reflected upon myself.
Mr. Robson, to you especially, thank you for your unerring guidance and your poignant lessons on punctuality.

When I came to St. Andrews College, I didn't know what to expect. I had never been away from home for more than a month or so, and I had no clue at what I was getting into. And even if I had a few ideas on what to expect, they were all blown away by the actuality of this place.

When I walked in those doors for the first time, I was immediately treated like a celebrity. I was given more attention and praise than I think I have ever been given in my entire life. Not just on the football field, but also in the classroom I was praised. And that was very strange for me, always thinking that I was a somewhat average student, suddenly realizing my potential. And it was also strange that all of these people, whom I didn't know, knew my name and wanted to help me. I mean, all I knew was that I was in a strange place and I was all alone, and they could have ignored me, and I wouldn't have thought anything of it, but they didn't. They made me feel comfortable and at home, right away, and it has really made a difference in me. This school year has been my hardest thus far in my entire lifetime, and there's no way that I could have ever imagined going through something as difficult, but with the help of this school and the people in it I have not only become a stronger student, but a stronger person. Not every experience I have had here has been a barrel of laughs, but every experience I've had here has made me a more complete individual. This school believed in me, so that I could come to believe in myself, and now that I do, the sky's the limit. I will always remember my experience with St. Andrews, whether it's with academics, sports, or relationships with friends and family, because it has taught me to always strive for greatness, and one day your dreams might come true!

The first rule I learned at SAC was that you never EVER come to school wearing a suit on a grub day. Unfortunately, I violated this rule my first day here, and I got all the trauma that goes along with it. It took two years for me to get over it, but I eventually came out of my self-imposed introverted exile and joined the club. Thanks to my parents and everyone at SAC for letting me become the person I am today.

I have been in SAC community for only a year, but I think it was the best year out of three years that I've spend in Canada. I have met a lot of new friends and learned a lot from them and from teachers at SAC. Next year is going to be really hard for me because I am going to University, but I think I will be fine because I have been taught and prepared for it in SAC. I would like to thank Mr. Myrans, my teacher in Economics, I know he will have a memory of me, but I think not the best memory. I would like to thank him for giving me knowledge that I didn't have before. Also Mr. Perrier, Mr. Wenk for giving me my knowledge in math back, Mr. Robson for teaching me English as a Canadian language and Mr. Tsioros for letting me finish the Physiology course. Thank you Mrs. Mix , Mr. Shrimpton and Mr. McCue for always being there.

Being slightly younger than everyone else in my grade it was a little hard to getting used to the atmosphere of the school, but it soon warmed up to me... SAC has taken me out of childhood and made into a man, not any ordinary man but an Andrean. I would like to thank every one in this school both teacher and staff for putting up with me for these 4 long years, as I did create a good fair share of trouble just for them. My four years at SAC have been a great experience. It has been a fun journey which has taught me many of life's lessons and helped me to develop and grow as an individual. From all the times just chilling with the boyz, or the stupid things that me and dominic would think up, every moment was one to be cherished as these are memories that will last me a lifetime. Rugby Tour 2001, fun while it lasted, thanks DJ, Dudley and Ollie for being there for me. Tarek, late night runs to Timmy's..... Wilfred. Skolz, finally, we made it, who would have thought.. I've been at SAC since gr. 11 and enjoyed almost every minute. Of course, there was the odd day when nothing went well, or the time when I pulled an all nighter before my gr. 12 English exam, and the entire process of Waldo's dreaded opus, but hey! It could have been worse. Thanks to Warren Chang, Gavin, Sergio and Merv for putting up with my music and guitar playing (and me!). Thanks to Jeff Ginou, Ryan Chan, Aladdin, Chooch and Andrew Douglas for making it possible for me to perform in front of an audience. Mr. Butcher (Butchman), thanks for making RobotX possible, I'll never forget it. Mr. Galajda, I will give you some cheese sauce sometime! Mini-Swenks; AEW! I'll miss you, bud. Why do some blessed people complain about what they do not have in their lives? God's gifts are, indeed, marvelous and plain. Why don't they enjoy the small things and thrive? They often overlook their stable mind and a strong and healthy body. A miracle that is one of a kind, understood only by minds more astute (NS). If only they become really aware of those much less fortunate than their lot, their minds would then disengage from despair and feel humble and contrite at the thought. So, let's thankfully hear life's pleasing lyre, let our minds become numb and bodies immune. After my four years at St Andrews College I look back on the day when I first drove through the tall wrought iron gates at the Small boy who had spent the first 15 years of his life on an Island, that would fit within the boundaries of Aurora. This place has both given and taken things from me, but in the end has made me the man i am today. I want to thank both of my Parents and family for being there when the light seemed to be blinking out and out of my reach. I would also like to thank The Perries, Mr. Robertson and Mr. Arril for all of their support and helping me decide whether St Andrews was the place for me. Mr. Cameron, You were my Coach but more than that you were one of my friends, you were there for me whenever I needed you, I am forever in debt to you for this. Last but never the least to All My bredrins, this is the beginning of a journey, can't wait to see you at the crossroads, we will all find our way their someday. Nuff Respect to all my Bredrins: Scoot Dawg, Big D, Brooskie, Scotty Da Hotty, Dodo, G Bear, Robo, Bowser, Lee Dawg, Jah Jah, Monkey, Timmah!!, Blackachino, Buju. Much love. Too all those i didn't mention, much love for ya you all helped me on my journey. Thank you.

I have been taught by many different teachers over the years, with many different teaching styles, but this comment is for the one teacher, who in my last year of high school, broke through the barrier that others did not. Mr. Scoular, I owe my success in my graduating year to you. You helped me learn things about myself through drama that I never even knew. Along with football, Oliver was the greatest three months of my life; thank you. After St. Andrews, the whole mentality is to keep rolling on through school to one day succeed in the business world, because once you are on top, you never again want to be down. I's also live to give a shout out to our favorite D.J....Shrimpdawg

When I first came to S.A.C I didn't know anyone. Now, after 7 very quick years, I leave with friendships that will last a lifetime. Although I have learnt how to take integrals and find derivatives it is the people I have met along the way that have made all the difference. From the ever entertaining party antics of Granola to working out with B-man to get "gains" these past few years have been unbelievable. The numerous dances and after parties, Homecomings and sporting victories over UCC and others, will always be memorable. Cancun was a blast. Roach, Doogs, Fuuy, Ugly, Big John, Bones, and everyone else, you guys are the best. I would like to thank all of my teachers who, throughout the years, have provided me with motivation and inspiration, and have helped me discover my true potential. Last but definitely not least, I would like to thank my parents who made many sacrifices to be able to send me to St. Andrew's. I am forever grateful for this and I hope that I have made you proud throughout the years. I leave St. Andrew's with the skills and confidence to tackle any obstacles that I may face later on in life.

The past seven years have flown by and will never be forgotten. The opportunities that I have experienced at SAC will be forever remembered. This journey could have never been as enjoyable as it was had it not been for the Boys: The Table (DJB, JD, ORS, JG), Jamie, Smitty, Jimmy, Joyner, and my elders Marsh, Ovens, Veg, Gordy, Chiz and the up and comers Parent, Mitch, T-Birk and DVD. There have also been teachers that I would like to thank that have influenced me and taught me so much along the way: Mr. Bedard, Juice, Big Steve, Mrs. P, Mr. Stewart, Mrs. Mix and J Dubs. Lastly, none of this would have been possible without my parents. You gave me everything and more. I love you Mom and Dad. To my Bro's J and Deeze enjoy it while it lasts cause you run the show now.

Thank You St. Andrew's.

Attending St.Andrew's has been a truly memorable and very unique experience. I can still remember the first day I stepped into the St.Andrew's gate five years ago, I was overwhelmed but at the same time I was totally lost, because of the language barrier. But after years of hard work, I finally made it through the finish line. During these five years, I have made a lot of life-long friends, and a lot of unforgettable memories.
First of all I'd like to thank my parents for giving me this great opportunity to come to St. Andrew's. Giving me pressure and pushing me forward; they hope I can challenge my limits. I'd also like to thank them and my brother for being supportive when I am down, leading me to see the bright side of things and cheering me on. Thanks to all my friends and buddies to create all the highlights in my career at SAC. Thanks to all the teachers who have taught me: Mr. Giel (My coach for DECA, Tier II Volleyball, Junior Golf...My former house master ...and what else?? and my accounting teacher); Dr. Wenk for increasing my math knowledge and also my pushup numbers and all those special Ti-83 programs; Dr. Joiner for correcting all my grammar errors even though it's just my geography projects; Mr. Clements and Ms. Chasson for promoting my music ability and talent to the limit; Mrs. Hiltz Mr. Ray and Mrs. Ray, Mr. Scoular, Mr. Dominato, Mrs.Pries and Mrs. Robson for helping to improve my English writing, grammar, reading and communication; Mr. Gaertner...(Golf...its all about golf...) Mr. Perrier and Mrs. Perrier for being my house masters, taking care of me everyday. Special thanks to Mrs. Mix, Mr. Arril and Mr. Swan for helping me with all my university's applications. (Mrs. Mix, sorry of bothering you everyday ...^^...) and finally my favorable mentor...My advisor Mr. Tsioros (Mr. T...Cheese) for answering all my questions and my personal problems since grade 9.
As I am concluding a chapter in my life another one has yet to be started. No matter where I go, no matter where I will be, St. Andrew will always be a part of me. Even now, I still have a silly thought of staying here for one more year, but life goes on, these will be all turning into my memories that I will cherish for the rest of my life.

I came here about as unwillingly as humanly possibly, and funny enough I think I have the same attitude about leaving. I can't put to words the amount that I've learned here, the amount I have matured in all respects. I have to give a special thanks to all the teachers who took the time to help me develop as a student, it was probably one of the most valuable contributions ever given to me. To all my boys, at times I don't think I could have made it through the hard times without you guys....warren, tarek, gummy, dominic, skolz, jihad, winky, robo; we rolling out of this place but I know what we had here will last a lifetime, even if just in memories. Dana, Scooter, Froggy, Zeebo and the rest of the guys who'll still be here fighting the good fight, just keep focused and show these people who are the greatest. And most importantly I have to recognize the support from my family, from affording me the opportunity to come to SAC, to counseling me through tough decisions and hard times; the contributions were countless, and so greatly appreciated.

Amazing how fast five years can pass. It wasn't too long ago that I first passed Andy with all the scared, paranoid thoughts a thirteen-year-old kid has in his head. In those years, I have done more things then I could have dreamed and met so many people that I don't think I will ever forget. To my boys, it's been an amazing ride. Memories are a powerful thing, and I will have enough to last me a lifetime. Brander, Weedo, Petey, Guy, Gids, Sacher, Big Johnny, Mike, Pabs, Kelly...the list goes on. Thanks for being there. Mr. Service, thank-you for providing me with opportunities to see other sides of the spectrum, you're help is greatly appreciated. Mr. Myrans, your classes taught me that I have a lot left to learn. Mr. Scoular, your passion is inspirational. Mr. Robson, your classes were my favourite; you've taught me more then just English. Kristen, you'll always have a place in my heart. Lastly, only because they're the most important, my family. I may not say it enough, or even at all, but I love you. Alessandra, sorry for being a pain sometimes, you know I love you. Mom, you're all a son could ask for and more. Dad, you're my hero, I hope I've made you proud. I will now leave the gates of S.A.C, with the same scared thoughts of a kid, but the knowledge of a man who has seen the highest peaks, experienced all aspects of life, and has sat amongst

Time is something that will always vanishes without one's notice. Three years in St. Andrews College is a special period of my life. It is the first time and might be the last time for me to experience boarder's life. I am not sure how much that I will miss the time in the SAC. But I am sure the time in SAC is important to me. To play the rule of spectator in many different groups of people let me understood more about the relationship between people and people. Specially when people needs to see each other everyday 24 hour with different culture and personality. I wish everyone who is graduating this year had a successful future. GOOD LUCK SAC.

Staying at school late, late nights with homework and insurmountable amounts of homework. This was what life at SAC was as it was described to me before I came to the school. However, when my parents dragged me into SAC, kicking and screaming 5 years ago, I never would have thought that I would make so many fond memories in this school. In exception to the workloads, the unique experiences of being in the Andrean community will be my fondest and most treasured as I graduate from SAC. Thank you to the many boarders who rented out their rooms for me as a place of refuge during my spares. And of course, thanks to my advisor Mr. Myrans, Mr. Ray, and all my other teachers for steering my academic career, straight. I must say that I am extremely thankful and sorry for all the time in class when you let me sleep, but did not wake me up. Thank you for all those who made Cancun 2002 possible, for it introduced me to a strange, blissful, hazy and relaxing world I had never known before. Matt, Canning, Chow, ET, Andy, DW2, Fred, Zhou, Ryan and everybody else, thanks again for making my life at SAC fun and enjoyable everyday. As I leave school, my greatest fear is that I will lose contact with you all, as we go our separate ways in life. Thankfully, the world is but a small, small place, so I hope to meet up with you all later in life!

When my parents first sent me here, I didn't know that we have to wear uniforms everyday. I also didn't realize the catastrophic effect of not being able to go to schools with girls every day. However, after 5 years at SAC, I've grew accustomed to all these. Now, I can not imagine what my life would be like if my parents hadn't sent me here. It is here at SAC that I actually try studying for the first time, and it is also here at SAC that I met many great friends. Looking back, there are a lot of great memories here that I will never forget (sneaking out at 3 am so we can film our own version of the Blair Witch Project)
I would like to thank God for guiding me through my hard times at this school and keeping me focused. I can not imagine my high school life without J.C. I would also like to thank my parents for sending me to such a great institution that provide me the opportunities to try things that I've never tried before. They provided these great opportunities to me even though I have done nothing to deserve them. I would also like to thank my Housemasters and advisors for encouraging me when I was down. After 5 years at SAC, I finally came to understand the real meaning of being an Andrean. It is not about being the best at everything or beating up a UCC guy (although sometimes this must be done). Rather, it's building a strong, well-rounded person. It's being able to do my homework, play on the sports field, and march in cadets all in the same day. In the end, it's about carrying on the proud tradition of St. Andrew's.

I really don't know what to write in my grad comment so here a list of my most memorable times at sac, so I can look back at this one day and laugh about the good times. Grade 9: Miguel Vasquez and late night Mexican tunes/Lubricants. Mr. Giel and his jumping jacks. Justin Scott taking off the towel... during study. Starcraft in Peter and Marshalls room. Going home on Wednesdays. Under 14 volley ball 3rd place. Under 16 hockey manager, nerve racking sudden death shoot out win! Grade 10: My Compaq, the good years. Max and his Korn/Ramstein. Quake 2... started it all. Nayan, Max and inverted mouse... the only way to go. Jason George John (Hey buddy yo). More under 16 hockey, I didnt forget the jerseys... they were misplaced (I wasn't even there). The unfortunate loss of my Half Baked DvD... not worth the 7 years in Tibet. Media arts summer with BoBo Lo (it looks like an overweight rat). Grade 11: 1/3 Chan Man, 1/3 Brad, 1/3 Merv. Late night Chinese soup noodle with Kenny (Dry UFO). U16 football with the Butcher. After practice Big Bottled water. Midnight Chinese theater with our host... Ryan Chan. Late night lacrosse stick jamming into my ribs, courtesy of Brad. Wang - Lorriman midnight investments (when we were kings Brad). Telling Chow to get the hell out of my room. Sleeping with the Simpsons. Merv, crazy antics and soft rock sleep songs. Football camp pain with Matt. Grade 12: 3rd floor Mac house single. DoDo's reggae tunes (one time for my warriors). After hour house captain magic tricks. First football rookie season (horse racing), thanks for all that playing time John (or Johns headaches rather). Mr. Giel's early morning wake ups (rubbing the hands helped). George Foreman, Ryan Chan's famous New York tenderloin (if you put your name on it, its a guarantee). More late night matinee with new co-host Kenny (aka rave master). Mysterious tattoos on my leg. Memorial 3rd floor games with Swenks and the gang (Ape, Bear, Cat, Donkey... Donkey?) Grade 13: My own washroom, minus the shower. Double Mr. Wenk, Finite then Calc right after. First Football Golden Horseshoe Bowl Champs, a season to remember (unless the migraines come back). Spinning the ball with A. Ho and Poon Master. Memorial late night grilled cheese (thanks to Mrs. P). Falling asleep to anime. Cancun, a whole other story.

The first person I would like to thank is Mr. Smith. He showed me what a true Andrean was and no one person could do that job that he did by himself. To Mr. Dunford, I am glad to have had you as a hockey coach for at least one year and you taught me how to dig down deep and pull out that extra little bit; you made me think. Mr. Bedard, you let me become the hockey player that I am today. The sportsmanship that you taught me will stay with me forever. To Mr. Service, who saw my potential to be a good leader and forced me to take part in many different extracurricular activities; for that I thank you. Mrs. Pilieci, I cannot think of any one better to greet me as I enter the library; your smile warms the heart.
To my boys: Brander, quiet yet you always understood. Kelly, you were always willing and ready to do something. Guy, some hard times but we're still kickin'; I will not forget our three outstanding seasons together. Petey (BGP), sorry had to add that, always admired your willingness to stand up for what you felt was right. Jimmy, you are still my favourite Newf. Giancarlo, there isn't another guy I have talked with about girls more than with you; we should write a book together. Gideon, always there. You have a way of understanding that compares to nobody. Thanks boys!
And to my family: first, my second mother Mrs. P, who is in the same league as Mr. Smith. Your tireless effort to make everything easy for us makes our lives simple. To my number one fan, seeing you in the stands every game was great, even with a broken leg. To Meliss, never a dull moment. To my brother, always a good time but I can still take you. To my Dad, you never missed a game, and, yes, what you say does sink in. And last but certainly not least, to my Mum, who spent more time making sure everyone else was ready and still managed to get herself to work on time. She cared more about the school than I did.

First of all, I would like to express gratitude to my dearest mother, a million thanks for your support from Hong Kong. I do not know what I can do to show my gratitude, hope that a good looking report card will do. Then the next person I shall thank is my cousin, Alex Wong, who graduated SAC five years ago. He introduced me SAC, which became one of the major turning points in my life. First time studying abroad in a boarding school was not easy at all. I remembered my first year in SAC, I referred the residences as "jail". In my third year, I treat Flavelle House as "HOME", a warm place where I live together with all my Flavellian brothers, and the father-like house master and assistant house master, Mr. Shrimpton and Mr. McCue. Mr. McCue, I'll always remember the taste of coffee u gave me at 2am in the morning^^ Mr. Shrimpton, you've changed Flavelle House into the best residence in SAC in 2 years of time. Thank for granting me such comfortable living condition for these years! My most respectful teacher, Mr. Butcher, thanks for all your teachings in the past 3 years. This refers not to only physics, but also other valuable knowledge you've taught me. Thank you Ms. Pries and Ms. Carpenter, you have helped me overcoming my greatest obstacle, English. Thank you. Special thanks to: Micky (Ying-Mick) for all your help in English; Ken Tam (KT) for all your help in Science and Maths. I will always remember our Crazy Physics Parties (with no music, no alcohol, no girls, only 3 nerds with TI-83s, Physics Text books and notes!!). Ryan Chan (Bear) for all the stuff I've learnt from you in all area. (YOU ARE ADMIRABLE). Mat law (Kappa) and Andy (Crab-Crab), thanks for all the food sharing and being my midnight chat mate. Guys, remember to call me out for a bubble tea chat~!!

I just want to thank all my friends for being there for me throughout these three years here in SAC especially during my final OAC year. Without you guys, I would have never made it through the year and every single moment we all chilled together was "so good". I'd also like to say thanks to my parents who've given me support whenever I needed it, whether it's personal problems, school problems, financial problems; they've always been there for me. Luis, thanks for teaching me so much in "life" and how to "have fun" and most importantly, thanks for being like a brother to me man, good luck in university! KHC, although I sometimes can't stand your yellow jokes, you've been a very funny person to chill with for the past two years. Ryan, you're my next twin brother after Luis. We've gone through quite a lot (hehe). Anyways, wherever you get to next year, good luck and look for me. Aha, can't stop laughing when I see you man. We've been pretty close for the past 2 years and you've been a GREAT friend...although I really hate your "flaws". Fred, my best roommate! The term we had in MacHouse was amazing eh? Well, don't study too hard in university! Try to have fun! I also want to say thanks to A.C(2), J.T, M.L, DW1, W.P, R.C, C.W, A.S, M.T, K.T, Memorial House, and of course, my housemasters which I have to admit ARE the best housemasters in SAC, the Perrier's.

I would like to take this opportunity to thank my mother fondly for supporting me throughout high school. Second, I would like to thank Mr. Robson for always poking fun at me in class and in my report card (just joking!). However, I do sincerely thank you for giving me the advice when I really needed some. Also, I would like to thank Mr. Shrimpton for "teaching me some lessons" when I was still immature. Thirdly I have some words for my good friends. Dennis, I hope you will succeed in the future. Luis I would really like a car that your M symbol. Alex, so... um... How's your day Chow? Keng Hao, Good luck and I wish you all the best. Fred, you are just too smart for me. A Ho, I wish we could see your special "talent" again. Anyway, if I missed anyone out, I am sorry. Thank you all for being there for me and I wish you all the best in the future.

Attending St. Andrew's has been the greatest experience of my life and I owe it all to my parents and family. Without you this dream would not have come true. I love you and hope I have made you all proud.
So, my advice to future Andreans? Carpe Diem (Seize the day). Boys dream of being an Andrean, you are an Andrean. Well, I'm not gonna lie to ya, this write-up is due in a few minutes so I'm trying to get 'er done in time!
However, I cannot forget some of the more influential people during my time here at St. Andrew's: Mr. Bedard, Mr. Newton, Mr. McGillivray, Mr. Arril and Mr. Perrier, thank you all for looking out for me.
Hey boys, keep in touch.

It's all over... Just when I was starting to enjoy things here at SAC, graduation comes out of nowhere and hits you in the face like a brick. Looking back at my five years in SAC,I must say that the memories and experiences I've had could never be forgotten, and will remain a cherished part of my life forever. I want to thank my parents for the sacrifices they made to send me here. Thanks mom and dad, I'll never forget this. I would like to thank the teachers and staff for all their efforts in teaching all of life's most valuable lessons. Thanks to Mr.Shrimpton for taking care of me and making me feel like a true Andrean, and thanks to Mr.Walden for giving me the discipline when I needed it most. To all the grads, farewell and the best of luck in the future.

I came to SAC in grade 12, at first I didn't feel very comfortable with the boarding life, but as time goes on, I made some friends and got used to the school. During my two years at SAC, I had lots fun. The countless CS games we played (I kick Joon's butt in the game so many times, MUAHAHA). I joined cross country team last year, and we made it to OFSAA, that was the most amazing experience I had in SAC. I want to thank Mr. Shrimpton and Mr. McCue for helping me get through my boarding life. Thanks Ken Tam our Head Boy who always helped me fixing my programs. I will always remember SAC as I grow older.

HOUSE

The year in Macdonald House finished as it started – with a flurry of activities and events! The Mac House saying of "Work hard, play hard" was repeated by the Housemaster time and again and was in full force as the days to the end were counted down. Before we recap the fun activities of the year, let me take a moment to thank: Assistant Housemasters (& their families) Mr. Stewart and Mr. Tsioros, our Resident Don Mr. Adolph, the 30 House Captains we had throughout the year, our Macdonald House Council who made many positive changes in the residence, our Housekeeping staff of Mary, Rena, Sandra and Joe, our many Room Inspectors, our team of Duty Masters; Mr. Inglis, Mr. Kitagawa, Dr. Joiner, Mr. Finlay and Mr. Reid, Mrs. Susan Scott (our LG co-coordinator) and Mrs. Poirer-MacIver (President of the LG who came to every Mac House event) as well as the many LG members who helped out in Mac House from attending birthday bash events, to being drivers to Mall Run activities, to helping decorate the residence for special occasions.

Some of the activities that many of the boys participated in include: the Rocket Club, the Astronomy Club, Weight & Fitness Training, RISK & Stratego Tournaments, ice hockey games, bowling nights, our own World Cup Soccer Tournament, socials with Branksome Hall girls, the DOG show, Capture the Flag night, Silver City movie nights, sleep-overs, Birthday Bash Wednesday's and TIMBIT Wednesday mornings, Room Inspection & Shoe Shine nights and don't forget about our "Olympic Gold Medal Hockey Party Celebration"! It was truly an amazing year with so many special events and activities that no doubt helped each and every boy mature and develop in 'mind, body, heart and spirit'.

Lastly, let me thank the boys of Macdonald House and my wife Veronica and children Kristina and Matthew – you made this a fun, exciting and special place to be during the year! I can't wait until next year!

FLAVELLE HOUSE

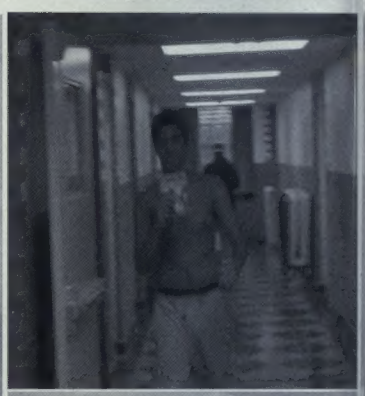

Flavelle is a house unlike any other. From the Eminem playing on Fraser's speakers to the constant reminder of telling Jihad to put his screen back in. This was not just a house with people from different regions of the world but a family. With the help of Mr. McCue and Mr. Shrimpton the rowdiness was put to a minimum. The house has been top shape with the help of Jamie Scott as head of house and with Brad Smith and Fraser Lunan as assistant heads of house. With leadership like that what could go wrong.

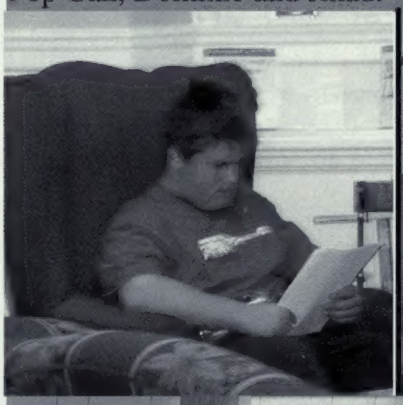

Living with a group of individuals for a year makes one learn things about each other, such examples as never to walk casually into Cronin's room and there will be people taking brisk walks at midnight to the lower fields. But over the course of a year it really came down to one thing... how clean the food room was.

Good luck Jamie, Faulds, DJ, Doyle, Andrew "country club", Joiner, Carroll, Josh "gummie", Pavel, Mark "big guy", Keng-Hao, Joon, Ryan, Simpson, Boh-ris, Smitty, Fraz, Alan, Pop Can, Dominic and Jihad.

Sifton House had another great year under the wise and even-handed leadership of Mr. Paul Bedard. Further positive guidence came from our Prefects - J.R. Lennox and Brian Lin as well as our Head of House, Randal Blom.We competed well in all inter-clan competitions and were involved in almost every Rep team the school put on the field. Needless to say Sifton House residences enjoyed boarding life and are looking forward to refurbished rooms next fall.

Memorial has had one of the best years this year. With barbeques rain or shine (and in the winter too!), GOOD food after study, Bayley's Ping-Pong and Pool Tournaments, the Healey Hockey Pool, the Sally Ann Blitz with over half the House involved,the exchange with BSS, , unmatched house clothing, outstanding chapel attendance... at times, awesome participation and performance in all areas of the school, Memorial has become an envy of the other houses. The members of Memorial house have exceled and shown leadership in football, soccer, hockey, rugby, swimming, lacrosse, basketball, (among other sports), academics, arts, music, community service, outreach, cadets, debating, Christian Fellowship and the Summit. Some unforgettable memories that made the house so closely knit this year include supporting the Raptors until the very end, supporting the Saints especially the Memorial football guys at the Horshoe Bowl, watching the Canada team kick some (U.S.) butt at the Olympics, watching the Leafs game, chillin' in Lorriman's room, the Christmas and grad barbeque, Mr. Perrier's afterstudy Calculus and Al-Geo cram sessions, playing pool or table tennis in the basement, seeing a bunch of guys all in a line talking on the phone in the basement to their girlfriends(whipped!), and almost winning a well deserved Best Company in cadets... The memories are endless. All in all, it was an awesome year, we wish the grads good luck! Thanks so much to Mr. and Mrs. Perrier who have put so much effort in making Memorial the best house there is. Also thanks to Ryan Chan for all that he's done for the house this year to make it so enjoyable. Memorial RULES!

This year has been a busy and interesting year for Smith House. We've been very active and busy in every regard from start to finish. Though there were times of doubt, times of uncertainty, irritating members who would not stop their incessant babbling for more, and thieves from other houses who would hover around us on Pizza lunches, Smith House rose amidst the chaff and stood prominent. Under the leadership of the Grads, Smith House was unchallengable in many regards. Kevin "Tap Out" Fullerton was ably assisted by Alex "I do more than pictures" Chow, Andrew "I'm not late" Gosbee, and Richard "The Boss" Goldhar in the leadership roles in the House, and in every way made our presence known. This year, Smith House has consumed more than it has ever eaten in the past--with several pizza lunches and BBQs, we've rivaled what Smith House was in its youth as New House. Smith House finally got its beloved hoodies this year, leaving many of its competitors quite envious with our new look. We also found the impetus to launch a second clothing initiative, adding a bit of grace and dignity with some very sharp white rugby shirts.

Smith

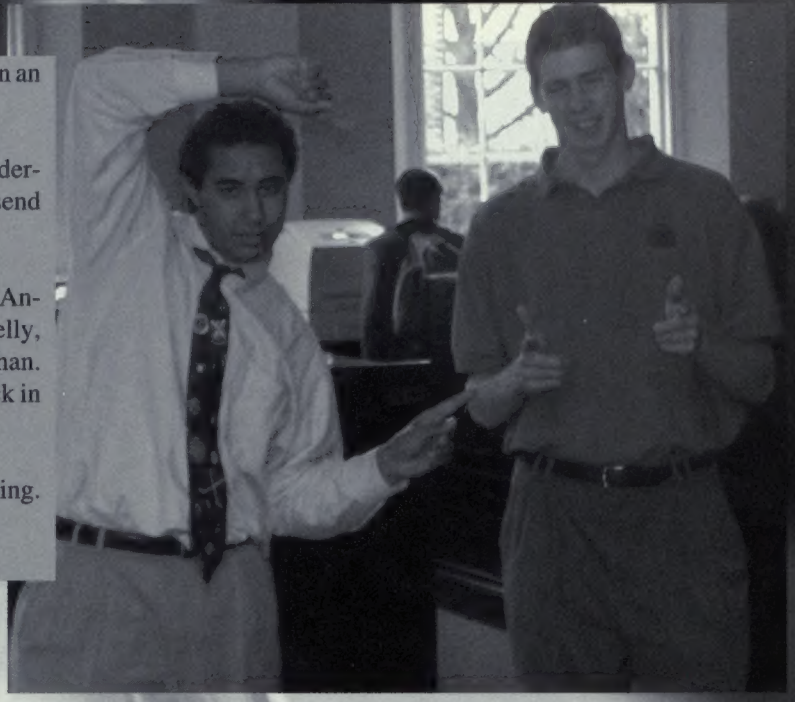

This was a year where the Heads of House took the steps to begin an era... the era of Smith House's glory days.

Thank You to Mr. Robson for your unerring "laissez-faire" leadership and unending support throughout the year. Please don't send the dogs or the chickens after us. We have learned well.

Thank You to the Grads: Kevin Fullerton, Alexander Chow, Andrew Gosbee, Christopher Chang, Jordan Dudley, Ryan Kelly, Richard Goldhar and the frequently absent Jan Michael Ramlochan. Under your command we've prospered as a House and good luck in your future endeavors. We hope to join you soon.

To the remaining members of Smith House, keep the flame burning.

Mr. Robson, Alex Chow

Ramsey House

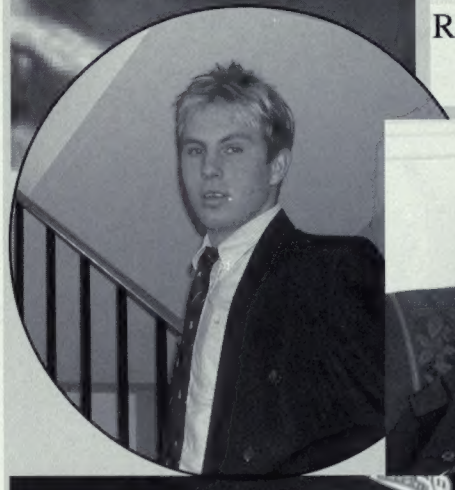

We had a great year as a House. Our Co-Heads of House, Giancarlo Trimarchi and Michael Reid did a wonderful job in leading the house. Chipper in the morning and well organised, they set the tone for the excellent House spirit throughout the year. TimBit Wednesday, pizza lunches, and barbeques were the highlights of the year.

We had great participation in all school activities from all members of the house. I would like to thank them for a great year and congratulate the House for finishing first overall, with the highest number of academic scholars and being awarded as the best company during cadets.

Best of luck to the graduating members of Ramsey.

Laidlaw House

This was another outstanding year of achievement for the members of Laidlaw House. Lead by Co-Heads of House, "Big" John Knutton and Oliver "Where's the Timbits" Radley-Smith, the house continued to have a huge involvement in the events of the school. John had a major role as Mr. Bumble and Jarred Stock as Bill Sykes in *Oliver* while Roger Kim, Gord Graham, Alex Calvert, and Mr. Kimmerer's wife and youngest son had supporting roles. Gord was promoted to a major role in the winter play, *The Importance of Being Earnest*, and he didn't even miss a performance, although Chapel didn't see his face in the 3rd term. *Earnest* also contained a host of behind-the-scenes Laidlaw members like head of lights Jeremy Springer, stage crew Brendan Zack, and producer Mark Hanson. Focus was filled with performances, direction and written plays by denizens of Laidlaw such as Roger Kim, Mark Hanson, Jonathan Mackenzie, Jordan Ross, Alex Calvert, John Knutton, and all the Stock boys; and our very own Alexey Altshuller dazzled audiences with his piano-playing at our many musical performances. 1ST Football's undefeated season was helped by players from our house like Patrick Harris, Mike Tzimas, Daniel John, and Jordan Ross; and 1st Soccer's championship season involved captain's James Gideon and Adam Brander. Prefects from Laidlaw included Head Prefect Graydon Stock, Adam Brander, and James Gideon, as well as future prefects to lead the house next year, David Woodcock and Jarryd Stock. In cadets, John Knutton was appointed Drum Major to lead the pipe band, which included Laidlaw drummers Trevor Fahlgren and Erik Sodonis, while Patrick Harris, Jordan Ross, and Oliver Radley-Smith were appointed to high-ranking positions. All major sports, U15 to 1st, had a large contingent of players from Robertson Clan. This is a House that gets involved and makes an impact and as a result won the Housser Trophy for the second year in a row, for the House/Clan who's members earned the most Clan points in the year. Well done boys, let's go for a "three-peat" next year!

The DECA Marketing Club has gone through a year of both ups and downs. For the first time in the history of the club, we had 8 representatives who went to compete in the Nationals in Salt Lake City. Though success was not in our destiny, the club's members each succeeded in setting a name for themselves and a precedent for years to follow.

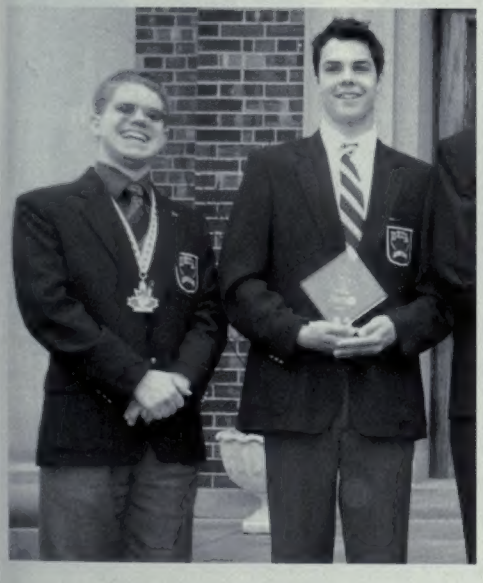

In the Provincial Competition, the ribbon winners were Alexander Chow, Ali Lakhani, Wilson Poon, Jamie Lawson, Brendon McCullough and Justin Wong. Hugh Dowell won 3 ribbons and a medal. Congratulations to Frederick Tang, Patrick Harris, Hugh Dowell, Andrew Gosbee, Andrew Steeves, Kevin Fullerton and Jeff Ginou in their own personal and team finishes in Salt Lake.

Thank You Mr. Giel for your profound leadership, we would never get there without you.

The SAC Christian Fellowship has gone through a year of dependance on God. With numbers usually ranging a few above a dozen, the fellowship has grown both in numbers and in spirit. With a focus on reaching out and encouraging one another, they've met for weekly gatherings on Tuesday nights at 6. From the beginning to the end of the year, there has been a distinct focus on the base of faith, prayer and reliance on Father God, Jesus Christ and the Holy Spirit. Highlights of the year includes guest speakers from outside, games nights, Bible studies, praise & worship nights, and sports nights. To end off the year, guest speakers Mr. O'Hare shared his testimony and Mr. Arril shared and answered questions. We wish all the graduates good luck with their spiritual life in university and many are looking forward to the fellowship for next year! Be sure to keep the faith and follow your fellowships! May God Bless Us All!

SAC MUSIC

This year marks a great beginning and yet a sad end in SAC Music. We welcome Ms. Sandi Chasson as our new Head of Music, already in one year she's changed the department through a revitalized Wind Ensemble who won several prestigious prizes at the North American Music at the Parks. Beginning it's commitment from October for the Carol Service and ending in May for the Ladies Guild's Annual Meeting, the Wind Ensemble established itself as an elite band for the school and set a high standard for years to come.

This year, under the tutelage of Mr. Don Finlay, the Jazz Band has kept itself alive and more than kicking with it's usual pizzaz and enthusiasm. A special highlight of the year was it's performance with world reknown vocalist Mr. Hugh Dowell at the FOCUS Barbeque. Not to be forgotten are it's memorable appearances at the Carol Service and Cadet's in Concert. Good Luck to the Grads, keep your horns up!

Marking a new tradition that will hopefully be kept for years to come, the St. Andrew's Cadet Military Band began the Cadet events by becoming a "marching" band at the Church Parade. Unfortunately, due to circumstance and lack of coordination (physically not administratively) the band was unable to continue it's display of marching for the other events but DID get to play actual music. Overall, a successful year of music by a band that accompanies the awe-inspiring Highland cadets. Thank You Ms. Chasson for the good show!

A new year and a new Head of Music began with a formation of a Strings section to be joined up with Havergal College. A successful performance at SAC exemplified the interest of Andreans towards a classical taste of music.

Despite this new highpoint for SAC Music, life throws a curveball with Mr. John Clements leaving the school for retirement after decades of his leadership in the Music department. Good Luck sir! We'll miss your stories!

Also, a farewell to the Graduating Students: Head of Music, Frederick Tang, Alexander Chow, Christopher Chang, Jeff Ginou, John Knutton, Gerard Man, Canning Wong and Andrew Steeves.

Alex Chow, Assistant to Student Head of Music

DUKE OF EDINBURGH

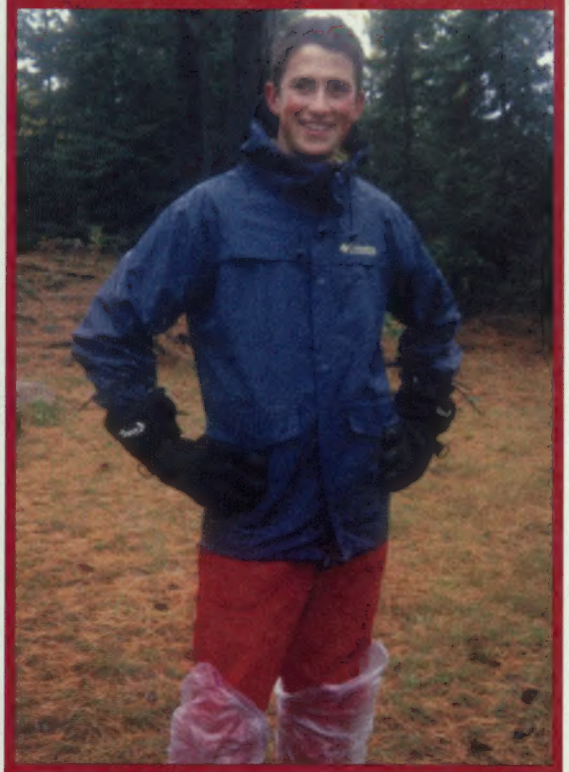

Challenge and adventure continued to be the theme of the Duke of Edinburgh Award participants this year. With some 140 students in the Award program, many adventurous activities and community service ventures were undertaken. Included in the list of expeditions were hiking trips along the Bruce Trail near Collingwood, St. Catherines and Orillia. Canoeing adventures also took place in the Kiwarthas and in Massassauga. ORCA (Ontario Recreational Canoe Association) certifications and courses in kayaking were undertaken to prepare for three waterfront expeditions, including a Silver/Gold level trip in Quetico Provincial Park. Special thanks to Team Leaders Mrs. Perrier, Mr. Service, Ms. Thorne, Ms. Venters, Mr. Cowell, Mr. and Mrs. OHare, and Award Coordinator Captain McCue.

Bronze Awards; David Oram, Faisil Ratansi, Darryl Stock, Andrew Brankley, Jared Lestlie, Jeff Hynds, Eric Tozzi, Anthony Buanaito, Matt Mitchell, Rahim Damji, Ryan Bryce, Brock Buckley, Justin Lyons, Michael Carney, Kevin Dong, Justin Lyons, Junyan Boon, Eric Lebar, Jonathan McKenzie, Chang Boo, and Imran Gulmani.

The year in Community Service was quite eventful. The council this year, made up of so many talented candidates, really got the job done. With 30+ activities (over 300 hours of opportunities) that students organized and participated in, young Andreans were able to represent the school well.This year,the Middle School got more involved with Community Service with several park cleanups organized by the council and House Captains.With the introduction of the 15 hour pin for grades 6 - 8, there was more incentive to serve the community and also provided a reward for the younger students. In the Upper School, this year was on of the most successful years for community service. From leaf raking to food bank, homes for the underpriviledged to youth councils, National Volunteer week to Duke of Ed/Gold Star projects, Community Service was really put on the map! We welcome the new council members for next year: David Charlebois, Joseph Leung, SoungHun Lee, Brian Harvey,Jason Wong, and Jamie Lawson. Congradulations to Nicholas Dadson for being elected council President for the 2002-03 year, and Michael Lin as advertisement executive. We look forward to a great year for Community Service this fall! For more information on Community Service, feel free to visit the website @ "http://kilby.sac.on.ca/service". - Michael Lin

Outreach initiatives of 2001 – 2002 were more successful than ever surpassing previous years in terms of student participation and funds raised.

The 2nd Annual Terry Fox Run held in September was a success in every way raising $9000 for cancer research. Over 450 students, staff and parents participated.

The Bake Sale and Concession Stands at Homecoming were extremely well supported. Thanks to the efforts of numerous parent and student volunteers, a cheque for $2000 was sent to the Cantor Fitzgerald Relief Fund in memory of S.A.C. Old Boy, Donald Robson ('67), who was lost in the September 11th attacks on the World Trade Centre.

The Annual Charity Coffee House, organized this year by graduating student Giancarlo Trimarchi, was spectacular. Attendance was phenomenal, the talent was incredible, there was an abundance of food provided by the Ladies' Guild, and fun was had by all. Moreover, a cheque for $2000 was sent to Ontario Special Olympics.

In January, O.A.C. student Jordan Dudley spearheaded a campaign of toque sales to raise money for a foundation called *Raising the Roof* which provides support for homeless people across Canada. As a result of his efforts, Jordan was able to send off a cheque for $1750 representing the sale of 250 toques.

Grade 12 student, Adam Parent, co-ordinated this year's Staff/Student basketball game in conjunction with a charity raffle. The game was as exciting as usual with the staff team once again coming out on top. Through the raffle, almost $1000 was raised for the Wizard Foundation Charity Hockey Pool in support of Ontario Special Olympics.

The 2nd Annual World Vision 30 Hour Famine at St. Andrew's was organized this year by Grade 11 student, Patrick McGrath. Approximately 100 students participated, many of whom even managed to make it for the entire thirty hours without eating. In total, almost $3000 was raised for World Vision.

Throughout the year the committee also conducted monthly Casual Dress Days as well as concession stands at dances, theatre productions, musical recitals, etc. In this way, $1700 was raised for such organizations at the United Way, CHUM CITY Christmas Wish Foundation, About Face International and the Aga Khan Foundation.

SAC Debating

This year for the SAC debating society marked the first year in over 3 decades with Mr. Rupert Ray as the head of the society. However, the society moved on with Mr. Daniela B. Reid taking charge and assistance from from the co-presidents Kevin Fullerton and Jeff Ginou.

Sadly, the year began quite dismally with diminshed numbers and the lowest morale in years. The Society was encouraged by the sheer determination of "Tap Out" Fullerton and the clownish behaviour of "Joking Jeff." Through a couple of harsh terms, the SAC Debating society moved from it's winter to bloom in the spring.

The society competed in many events through the year in 3 Fulford tournaments and the Ridley Cup tournament. However, the highlight of the year was hosting the Annual Nora McCrae Public Speaking tournament on April 13th 2002. Much work was put into organizing and carrying out this great event, and the society would like to thank the Ladies Guild, Debating Executives and Volunteers for their hard work in this epoch in school history.

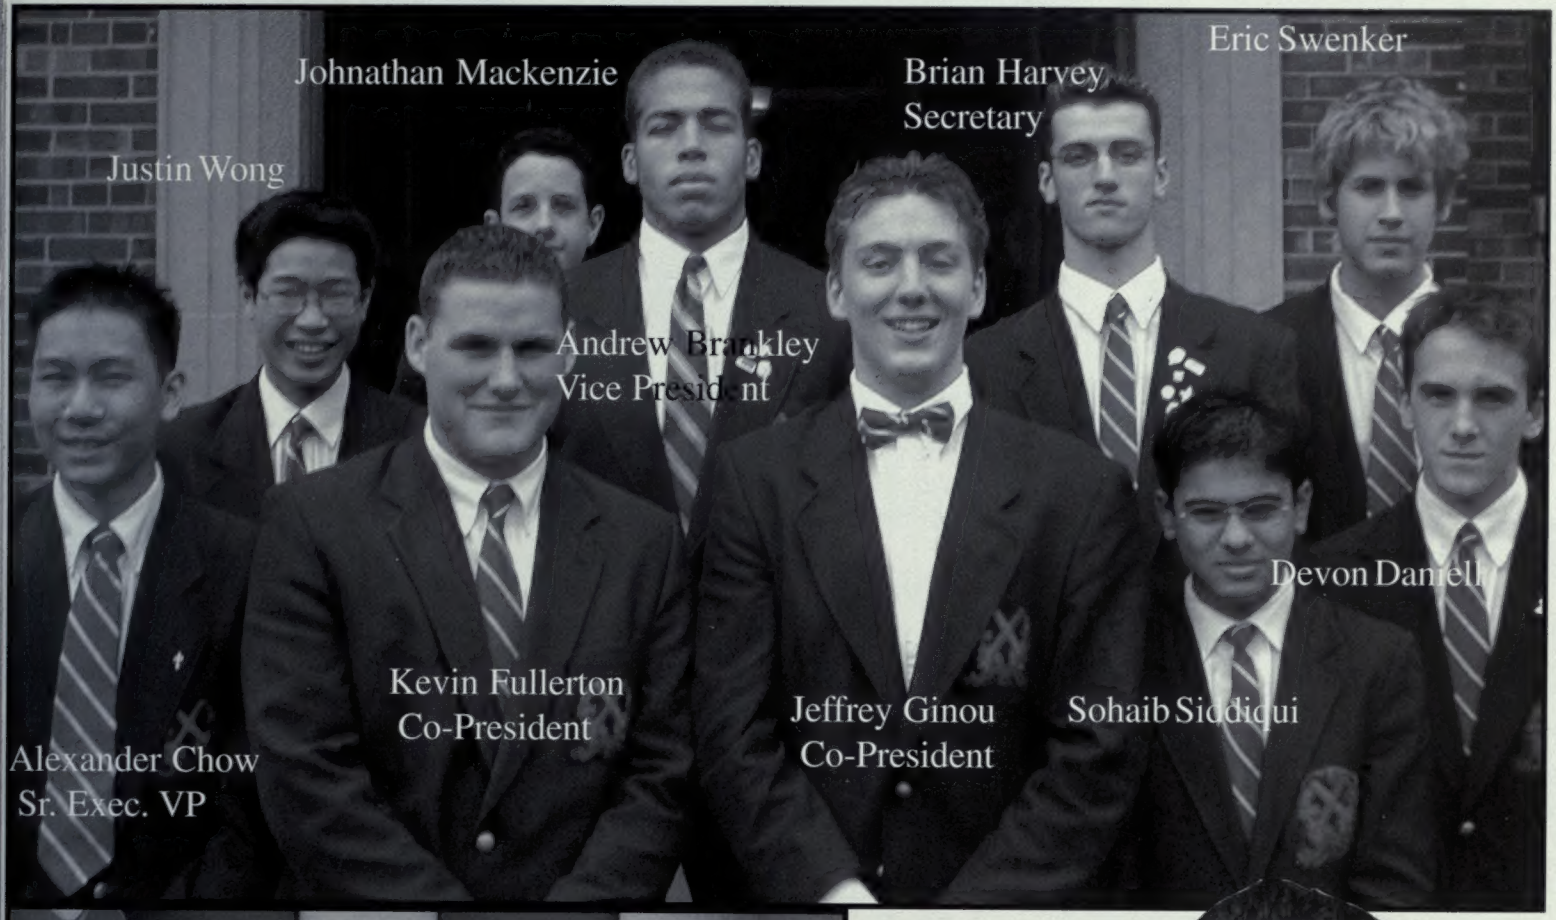

There is much additional thanks to the other Debating Executives: Kevin Fullerton and Jeff Ginou(Co-Presidents), Hugh Dowell, Alexander Chow, Alex McNabb, Brian Harvey, Andrew Brankley and John Knutton

Thank You for a great year and let's try to achieve more than ever next year!

Levin Maaskant's Ballad

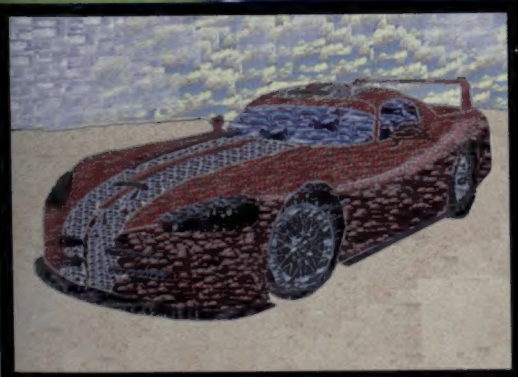

People went to work as normal,
Like any other day.
Then disaster suddenly struck,
Dead, many people lay.

The world was looking on in horror,
Shocked they had nothing to say.
Horrified of what others had caused,
Unnoticed a shadow slipped away.

They wildly searched, looked for the cause,
And found someone to blame.
They want justice to punish the sinner,
Who left a country lame.

Because in our path, bystanders are caught,
But we're still ploughing through.
They are already far behind,
But we force them to start anew.

Is this where the world has evolved?
Is this where we set the bar?
We care more for sinners than innocent,
We haven't come very far.

Manhattan in Seasons
Justin Wong

He strolls through Central Park alone,
While lovers waltz in drifting snow.
He, the victor of his world,
Cannot see past his latest woe.
Manhattan in winter.

The man walks through his warm oak doors,
As coffee, papers, strikes his face.
He glares down on his empire,
And thinks of the love; he could not replace.
Manhattan in winter.

As the winter season melts away,
His heart dies with births of flowers.
His lovestruck mind could not subside,
Even after painful hours.
Manhattan in spring.

As trees begin to blossom with leaves,
His empire dips with the falling world,
He admires his charming Van Gogh,
And tries to get his thoughts unfurled.
Manhattan in spring.

Summer comes with summer fashions,
Yet, he never curses luck.
Money dwindles, people gone,
But he is still moonstruck.
Manhattan in summer.

With a Café Latte in his hands,
The Journal in his pack,
He wanders Canal Street alone,
Calling on the love he lacks.
Manhattan in summer.

SOUNGHUN LEE

Its autumn in New York,
And Liberty fades with the falling sun.
But he's found that special lone,
And he is now the prodigal son.
Manhattan in autumn

Love then marriage,
'Tis how it'll become,
For the longing silhouette,
True love has overcome.
Manhattan in autumn.

Manhattan, the city of lying love,
Created bliss for this old man.
From the city of changing seasons,
Persistence has come from lady Ann.

Another Day at SAC
By Jason Kim

Alarm went off early in the morning
I got up while others are in bed still snoring
Ran through cold air to the dining hall
Had a bunch of muffins with drinks and all
Another day at SAC

I am sitting in a classroom
While my flower of knowledge is in full bloom
Sitting here, listening to words from at teacher's stream
To be a perfect man in my dream
Another day at SAC

After school, many things to do are waiting
Sports, cadets, and more delaying
This endless pattern seems to go on forever
I think it will end never
Another day at SAC

Looking for the answer
More I look for the answer, it gets advancer
Where am I going and why?
Am I doing this to be a perfect guy?
Another day at SAC

One day at SAC, I read an expression
Which answered my unanswered question
"Investing for the future"
This question ended my long torture
Another day at SAC

A Hockey Game
By Alec Bacardi

T'is a sport for Men,
T'is a sport for passion,
Never have I played such sport till then,
Never have I played a sport with such compassion.

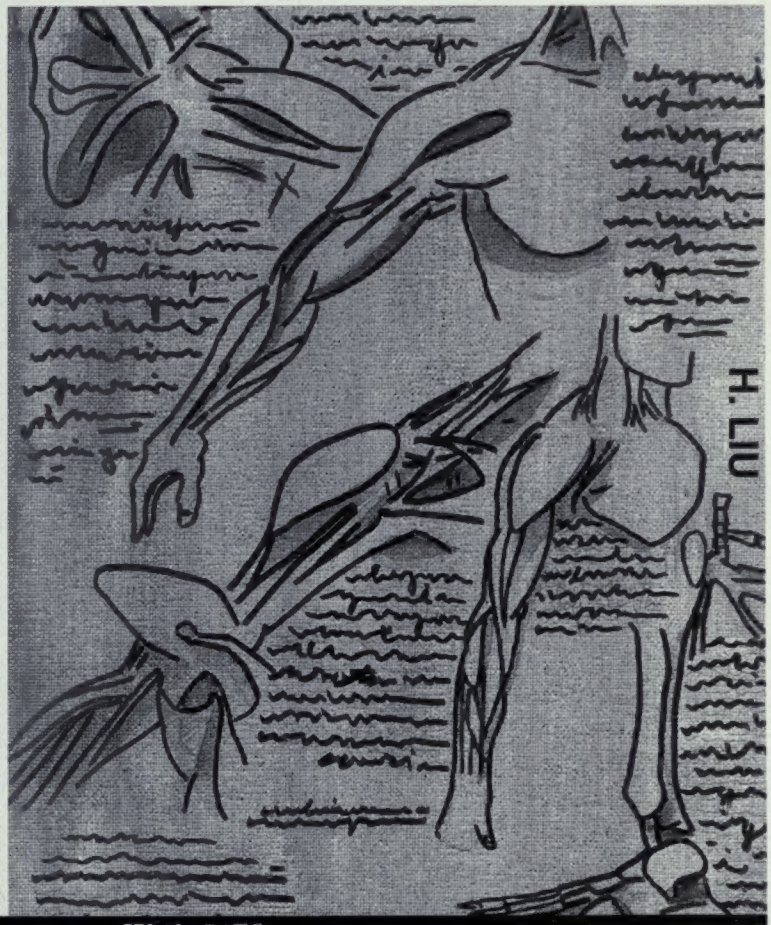

From the first whistle to the last, I skate,
Never has my body felt so many aches,
Whether to score or not was my fate,
I skate frantically as my body shakes,
Never have I been so frantic.

Never has a game been so filled with so many mistakes,
Never have I been so embarrassed,
They swept us like human rakes,
A goal for us was at its rarest.

The game ended with a cheer,
We had fought our way out,
That day my sport was made clear,
Never have I played a sport with so much bout

We departed enraged,
We arrived in harmony,
Like the typical male, our emotions encaged,
Knowing presently our lives will be in disharmony.

Ramadan
By Zameer Velji-Pirani

Ramadan is a time of prayer, fasting, and charity.
For me it's full of disparity,
We're not allowed to eat during the day,
This time of year I'm full of dismay.
Bismil-Lahir-Rahmanir-Rahim

While I'm hungry and thirsty, I'm reminded of the poor,
But, my dismay is said to help me find the noor.
Ramadan cleanses my body, mind, and soul,
At the end of the month my stomach feels like a big hole.
Bismil-Lahir-Rahmanir-Rahim

As a Muslim fasting is my duty,
The Qu'ran is read every night,
Fasting makes me calm.
My ultimate goal is to find the light.
AL-Lahum-Ma Laka-Sujudi Wa Ta'ati

For two weeks I've been fasting,
It seems like its been everlasting.
I'm going to conquer this conquest
My faith in Allah is put to the test.
AL-Lahum-Ma Laka-Sujudi Wa Ta'ati

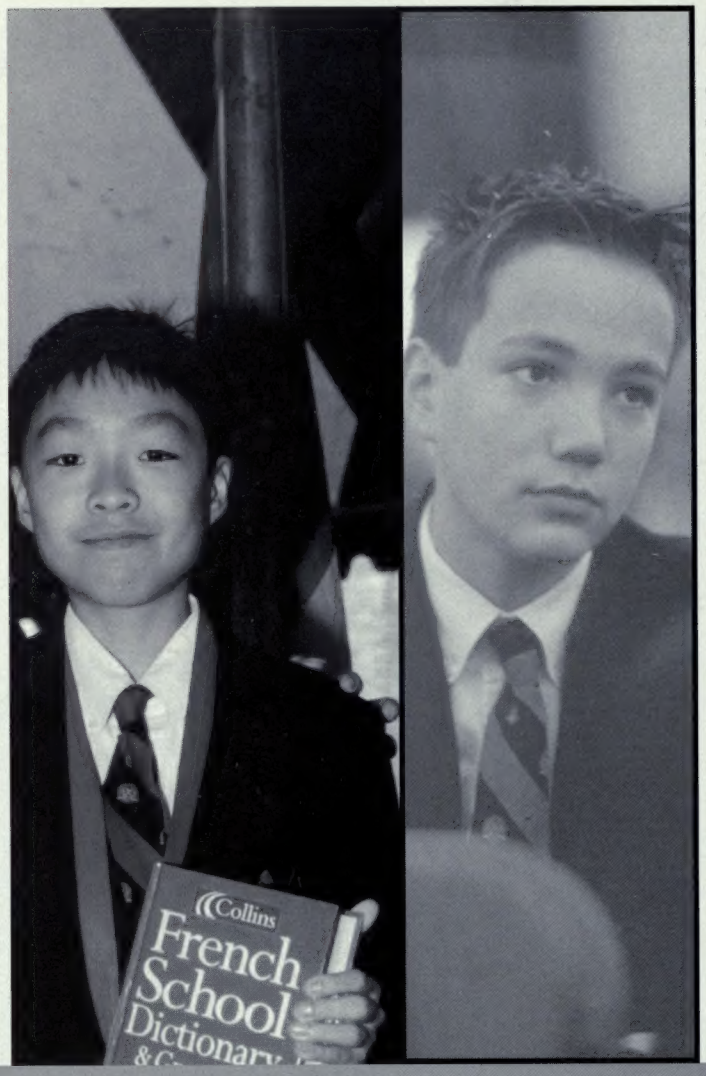

Eid-Al-Fitr is two weeks away,
I lie in bed waiting for the day.
Eid-Al-Fitr is the breaking of the fast.
My body, mind, and soul are telling me I can last.
Bismil-Lahir-Rahmanir-Rahim

We celebrate by dressing up we light our house.
We give to the poor.
I no longer feel like I'm alone,
I'm closer to the noor.
AL- Lahum-Ma Laka-Sujudi Wa Ta'ati

Excerpts from **Headmaster Ted Staunton's** Prize Day speech.

St. Andrew's College would not have the fine reputation it does without the contributions of its outstanding faculty and staff. Today, we officially bid farewell to several key members of these constituencies who have made a significant difference in the lives of the young men they have guided.

Five of them deserve special recognition for their contributions to the life of the school over their combined 68 years of service. Their colleagues on the Faculty held a special dinner in their honour in May and the boys have shown their appreciation earlier this morning.

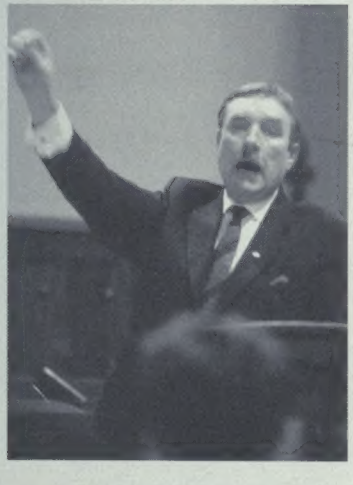

The Chapel has been home to two of them; our spiritual leader for the past fourteen years, Chaplain *Bob Arril*, is retiring to Canada's West Coast to complete his graduate studies in Education at the University of Victoria. We will all miss his warmth, his intellect, and his humour.

His colleague for many years, *John Clements*, organist, choral leader, musical director, and coach also retires today after a 26 year tenure at St. Andrew's. He leaves in place firmly rooted traditions, such as the singing of the Dorset Carol, the choir program, the annual musical productions and a highly respected music program.

"The Count"

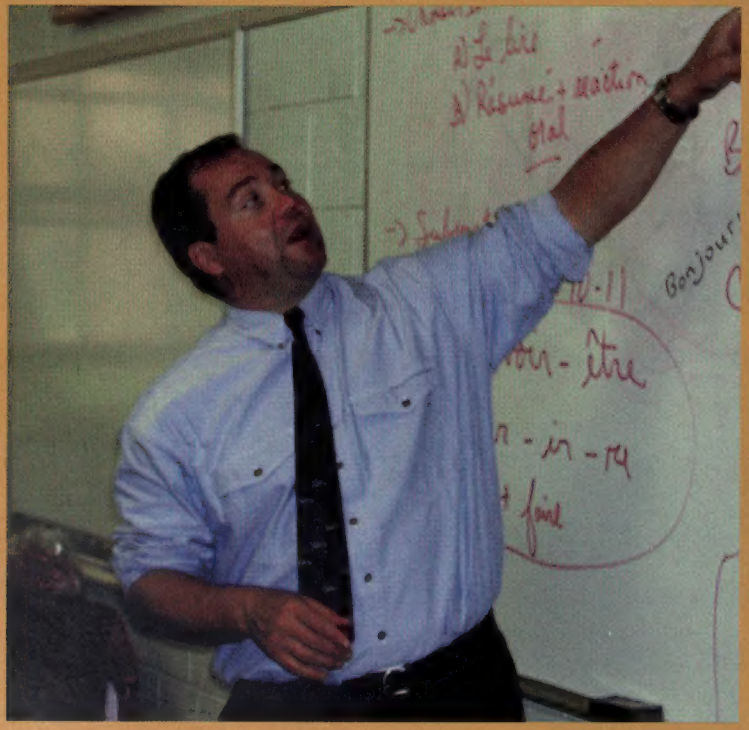

Together, Bob and John have made the Chapel a truly inviting place for worship, music and community.

The other two men leave behind a legacy of coaching excellence in the areas of football, squash, X-Country skiing and golf. We shall not soon forget the acronym, *"SILVER"*, worn proudly on the helmets of Coach *Michel Cameron's* First Football team–strength, integrity, loyalty, valour, energy, respect – values held dear by the coach and his championship teams. I am sure that we will see Michel and the Cameron family a lot as they are just moving down the 401 a few miles to Port Hope.

For the past thirteen years, *David Gaertner* has quietly gone about his work teaching mathematics and producing consistently high calibre Nordic Ski and Golf teams. One of the fittest men on the faculty, he now gets a chance to have some time for himself as he returns to Alberta to enjoy a well-deserved retirement.

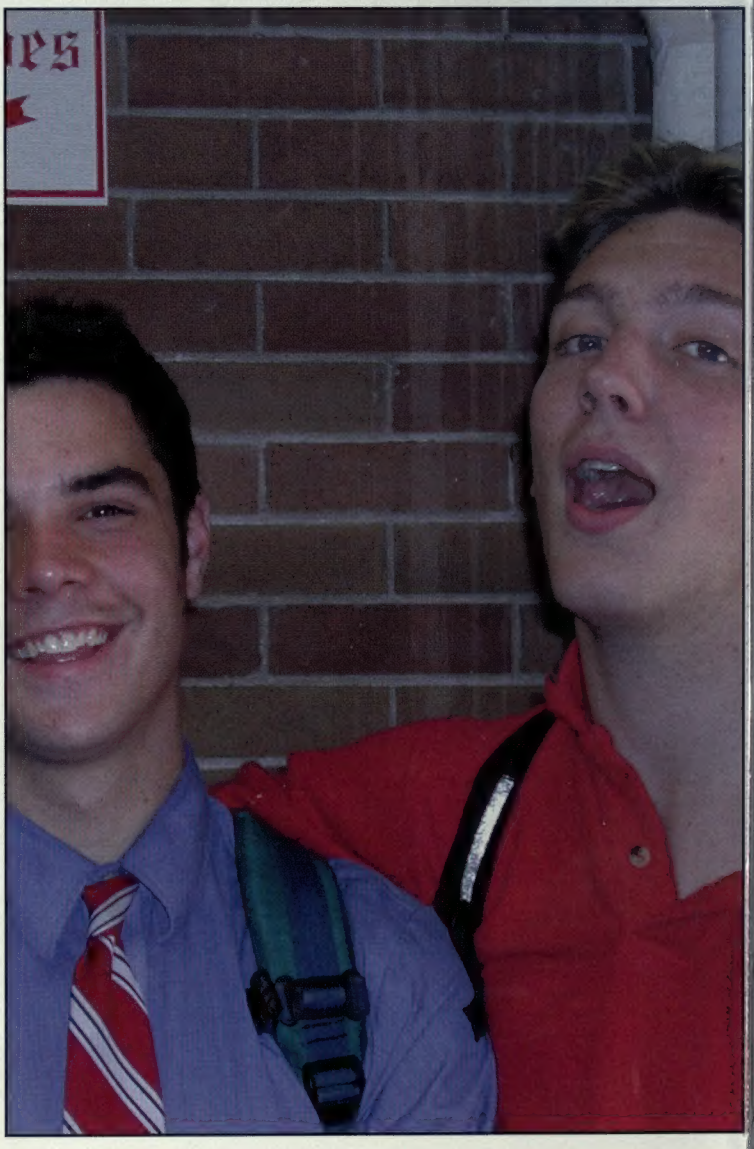

Angela Phillips, our hard-working and vivacious Director of Upper School/ Dean of Academics also leaves St. Andrew's this year having accepted a similar position at Royal St. George's College in Toronto. She has been a valuable member of the Leadership Team for the past four years and has done wonders in many different areas of the academic program. Best of luck Angela. I hope we'll see you often.

SAC would like to say so long to **Mr. James Livingston** and **Mr. Barry Davies** who subbed in for Mrs. Berman for much of this year. Well done gents! We also say so long to **Mr. Martin Duguay** who returns to South Korea to continue his education and **David Adolphson**, one of our physiotherapists who will be missed in Mac House and on the playing fields. Hope you all gained from your experience being at St. Andrew's as much as the students who were in contact with you on a daily basis did. Good Luck, we all wish you well!
